ACKNOWLEDGEMENTS

THIS Commission acknowledges the services rendered by the Secretary to the Commission Mr. M. C. M. Iqbal, the Assistant Secretary Mr. E. M. Subasinghe and the rest of the staff who worked undauntedly and provided the administrative support needed by the Commission to complete of the task entrusted to it by Your Excellency. The staff had a mixture of members of the three principal communities in Sri Lanka, and was able to respond to the copious correspondence on relief from the complainants in whatever language they wrote, be it Sinhala, Tamil or English. The commendable promptness in responding to such correspondence is appreciated and acknowledged.

The services of Retired Senior Superintendent of Police Mr. P. V. W. de Silva as Head of the Investigation Unit of this Commission and his team of investigating officers who had to delve through pages and pages of records to ferret out the information required by the Commission to come to a finding on the complaints inquired into, is also acknowledged.

The service of Mr. L. A. Jayasinghe of the Computer Division of the University of Colombo in preparing the Database, and the Coumputer Unit of this Commission headed by Ms. Subashini Ramasamy, in executing the tasks of feeding the data elicited during the inquiries into computers, processing them, extacting the relevant information in the form of reports, statements, and production of charts and graphs of this Report to the required specifications, is acknowledged.

The assistance rendered by the District Secretaries, the Divisional Secretaries and their officials in providing necessary facilities to this Commission during its sittings in the outstations, and the evidence given by a large number of special witnesses, witnesses to incidents, Non-Governmental Organisations and State Officials, are too, acknowledged.

Finally we record our appreciation of the confidence Your Excellency reposed in this Commission by entrusting this task to us.

FINAL REPORT

OF THE

PRESIDENTIAL COMMISSION ON DISAPPEARANCES

PART – I

GENERAL

CHAPTER 1

THE MANDATE

The Mandate

Her Excellency the President of Sri Lanka appointed this Commission by Warrant No : SP/6/N/214/97/ of 30th April, 1998 to inquire into and report on the matters set out therein. The Mandate of this Commission is the same as that of the earlier Commissions except that this Commission has an all Island jurisdiction to inquire into the complaints received to but left uninquired by the earlier Commissions when they submitted their Reports in September, 1997.

The Terms of Reference of this Commission are —

"to inquire into and report on the following matters —

(*a*) **the allegations about the involuntary removal of persons** from their residences, or the disappearance of persons from their residences, made to the Commissions of Inquirty appointed under the Commissions of Inquiry Act, and terms of reference of which are published respectively, in Gazettes No. 855/18, 855/19 and 855/20 of January 25, 1995, being allegations in respect of which no investigations have commenced on the respective dates, appointed by the respective warrants appointing such Commissions of Inquiry, for the rendering of the reports of such Commissions of Inquiry;

(*b*) **The evidence available** to establish such alleged removals or disappearances;

(*c*) **The present whereabouts** of the persons alleged to have been so removed or to have so disappeared;

(*d*) Whether there is any **credible material indicative of the person or persons responsible** for the alleged removals or disappearances;

(*e*) **The legal proceedings that can be taken** against the persons held to be so responsible;

(*f*) The **measures necessary to prevent the occurrence** of such alleged activities in the future;

(*g*) **The relief** if any that should be afforded to the parents, spouses and dependents of the persons alleged to have been so removed or to have so disappeared;

And to make such recommendations with reference to any of the matters that have been inquired into under the terms of this warrant."

---

[1] Vide Annex I – Mandate of the Commission.

Cases considered

A total of 10,136 files were handed over to this Commission. A district-wise breakdown of these complaints is as follows :-

District (Complainants Residence)	*Complaints in Hand for Inquiry*	*Continuation*	
Anuradhapura	883	Kurunegala	1581
Badulla	464	Mannar	1
Batticaloa	18	Matale	1042
Colombo	66	Matara	356
Galle	89	Monaragala	136
Gampaha	96	Mulaithivu	7
Hambantota	218	Nuwara Eliya	239
Jaffna	442	Polonnaruwa	743
Kalutara	118	Puttalam	130
Kandy	3397	Ratnapura	58
Kegalle	32	Trincomalee	9
Kilinochchi	8	Vavuniya	3
Continued		**Total**	10,136

This Commission visited every district in Sri Lanka other than Mannar and Vavuniya Districts. After excluding duplicates and complaints that did not come within the terms of the Mandate, the number of cases for inquiry was **6345**. Of these **4473** were inquired into[2].

Particulars of complaints in hand after the processing (districtwise) :-

District (Complainants Residence)	*Complaints in Hand After Processing*	*Continuation*	
Anuradhapura	601	Kurunegala	926
Badulla	342	Mannar	01
Batticaloa	03	Matale	619
Colombo	71	Matara	327
Galle	80	Monaragala	114
Gampaha	102	Mulaithivu	-
Hambantota	200	Nuwara Eliya	166
Jaffna	180	Polonnaruwa	593
Kalutara	121	Puttalam	85
Kandy	1714	Ratnapura	62
Kegalle	41	Trincomalee	-
Kilinochchi	01	Vavuniya	04
Continued		**Total**	6354

2 vide Annex II List places where Commission had sittings.

Among the complaints received were **654 complaints** pertaining to **returned detainees, 384** of which were inquired into.[3]

The reasons for the absence of the absentee complainants were investigated into by this Commission. In most cases complainant's absence was found to be due to the loss of hope of finding the disappeared persons. In other cases complainants had obtained certificates of death from the Divisional Secretaries[4] and therefore they did not feel it necessary to report their complaints to the Commission. Reasons of change of address or illness alone was not found to be a factor.

The Evidence available of the fact of Removals and Disappearances

The Nature of the Evidence available will be considered under two Headlings-

(A) The evidence available to establish a de facto disappearance;
(B) The evidence available to establish the involuntary nature of the removals or disappearances.

(A) To establish a de facto disappearance-

(a) Oral evidence of witnesses (as a rule, corroborative evidence was called for)
(b) Documentary evidence
  i. Grama Sevak's Certification
  ii. Certification by a head of a Religious institution, eg. Viharadhipati, Parish priest and Maulavi
  iii. Certificates issued by Principal of School attended by corpus if school going
  iv. Responses by independent organisations such as the ICRC, WGEID to pleas made contemporaneously.
  v. Police reports
  vi. Written initiatives taken by Political leaders contemporaneous with the disappearance.
  vii. Death certificates issued under the provisions of Act No. 58/98.[5]

(B) To establish the Involuntary Nature of the Removal or Disappearance-

(a) Oral evidence of witnesses (as a rule corroborative evidence was called for)
(b) Documentary evidence
(c) Evidence procured in terms of Section 7 of the Commissions of Inquiry Act, No. 178 of 1948 from State records
(d) Additionally the Commission took into consideration the socio-political antecedents of the corpus, surrounding circumstances such as the climate of the times, and other spacio-temporal factors such as the fact that the abduction from which the disappearance followed took place immediately after and in the vicinity of a subversive attack on security forces.

3 Vide section on Returned Detainees on Chapter II
4 These form part of the record of findings of this Commission.
5 Vide Chapter VI, for the terms of the Act and particulars of Death certificates issued to date under it.

CHAPTER II

THE PRESENT WHEREABOUTS OF DISAPPEARED PERSONS

The cases inquired into by this Commission fall into the following categories :—

1. Where the bodies were found and identified – 647 cases.
2. Where credible evidence is available of victims detention or seen in detention prior to disappearance – 303 cases.
3. Where there is evidence of abduction only. This category constitutes the majority of the cases – 4473 cases.
4. Where there is no evidence either to an abduction or detention to ground the complaint of disappearance – 7 cases.
5. Those abducted and released – 384 cases.
6. Persons who were alleged to have voluntarily disappeared but traced subsequently – 3 cases.

The possibility that some of those alleged to have involuntarily disappeared may have left the Island or be living elsewhere in this country cannot be ruled out altogether. These would be a small number without statistical significance.[1]

A few observations regarding the following three categories are pertinent at this point :—

(i) Where bodies were found and identiftied
(ii) Those seen in places of detention prior to disappearance.
(iii) Returned Detainees.

(i) Where Bodies were found and identified

The general pattern in the case of subversive killings was that the bodies of the victims would be found in close vicinity to their home. In most cases, judicial inquests had been held and reports of police investigation field, as required by law.

Where the perpetrators were the agents of the State or paramilitary groups, family members generally had no access to bodies for identification. In a few cases even where disappearances were at State hands, bodies were publicly exhibited. For instance a resident of Katupotha was taken into custody by the Police, tied to the rear of a jeep and dragged along the streets of Katupotha town, before being shot dead and strung up on a tree at the market place for public exhibition. Floating dead bodies in rivers, bodies on roads, burning bodies on tyres had been a common sight during this period.

1 Section 10 of the Registration Deaths (Temporary Provisions) Act No. 58 sets out the procedure to cancel a Death Certificate in the event of the corpus re-appearing.

(ii) Those seen in detention prior to disappearance

Some of the patterns of disappearances could be discerned in this category.

(a) Corpus seen in State custody but authorities denied detention and offered no explanation.

(b) Corpus spoken to while in State custody. Food and clothes given to them over a period. The explanation of authorities that detainees were transferred to other places of detention remained unsubstantiated. No records of detention were forthcoming to the Commission from the authorities.

(c) Cases where returned detainees testified before this Commission to torture and sometimes murder inside the camps or of detainees being taken out but never brought back.

(d) Cases where the authorities themselves gave the explanation that the detainees were killed while trying to escape or in crossfire during the subversive attack.

(e) Cases where unknown persons usually coming in unnumbered vehicles abducted the disappeared soon after release from places of detention. There is evidence that such incidents took place with the connivance of State agencies.

(f) Persons abducted by unknown persons after being discharged by Magistrates, and who have disappeared.

(g) Some persons who surrendered as a response to and in obedience to requests made by the State, had also disappeared.

During this period, there was a practice of surrendering persons to the Government Agent of the area who made arrangements to hand them over to rehabilitation camps.

In the 4473 cases inquired into the bodies of the victims were found only in 647 cases. Others have disappeared without a trace. However in the given context, the word "disappearance" is only a euphemism for the death caused by extra judicial killings.

(iii) Returned Detainees

This Commission received 654 compaints by persons who had been involuntarily removed or unlawfully arrested and detained. Most of them complained of assault and torture while under detention. Most of them spoke of the humiliation and the trauma they underwent which resulted in psychological damage.

Several such cases were referred to the Human Rights Commission as these Returned Detainees have lost their right to petition to the Supreme Court in respect of the breach of Several such cases were referred to the Human Rights Commission as

these Returned Detainees have lost their right to petition to the Supreme Court in respect of the breach of their fundamental rights to freedom from illegal detention and from torture, by reason of the constraints of the time limit imposed by the relevant provisions of the Constitution.

Those who were involuntarily removed and have been released or escaped from custody, are living witnesses to acts of torture perpetrated on them and on others who are no longer amongst the living. The evidence of these returned detainees may be the only evidence that could pin down the perpetrators. the case of a returned detainee from Anuradhapura who was an ardent LSSPer is a case in point. He gave credible detailed evidence to the Commission how he had seen several deaths in custody while he was under detention.

This Commission recommends the further investigation of the complaints of returned detainees be done as a matter of urgency.[2] There is an urgent need to probe further into the complaints of the returned detainee where they have given well founded evidence of their abductors and the incidents to which they are witnesses. There are 10 such instances inquired into by this Commission. It is further recommended that the evidence of returned detainees on the events they witnessed while in custody, be recorded and the Human Rights Commission be directed to deal with instances of torture of returned detainees inquired into and reported by this Commission.[2a]

2 In respect of relief to Returned Detainees, vide separate chapter IV
2a Vide Annex XVII for the list of such cases.

CHAPTER III

RESPONSIBILITY FOR THE DISAPPEARANCES

This Commission is required report on -

"Whether there is in any credible material indicative of the person or persons responsible for the alleged removals or disappearances".[1]

1. The Material Available :

This will be considered under –

A. The material available with regard to individual perpetrators
B. The material available with regard to the category of perpetrators
C. The material indicative of the existence of a political dimension.

The material Available with regard to individual perpetrators

According to the available evidence the cases inquired into could be placed in three categories.

(a) Where there is **credible material indicative** of the person or persons responsible to warrant further investigations for the purposes of legal proceedings.

(b) Where the **material available is insufficient** to warrant further investigation for legal proceedings.

(c) Where there is **no material what so ever to identify** those individual perpetrators.

Accordingly we are submitting to Your Excellency under separate cover lists of names of individuals in respect of whom THERE IS CREDIBLE MATERIAL indicative of their responsibility for disappearances of certain persons. Since we have not recorded the evidence of the persons against whom there are allegations, the lists are not part of this Report.[2] Until further investigations by the Investigative Authorities are held, CONFIDENTIALITY must prevail, both in respect of the nature of the material available and in respect of the identity of the persons implicated by such material.

This List submitted to Your Excellency is sub-divided into four parts-

(i) Names of persons who are credibly implicated in three or more incidents inquired by this Commission – 37 persons

1 Paragraph (d) of the Mandate.
2 See Chapter IV on "The Legal Proceedings Regarding those Responsible".

(ii) The names of persons thus credibly implicated in respect of two incidents inquired by this Commission – 37 persons

(iii) The names of persons who are credibly implicated in respect of one incident inquired by this Commission – 207 persons

(iv) Name of persons credibly implicated on the findings of more than one Commission[3] – 22 persons

In view of the serious nature of the acts revealed by the evidence available to date, Your Commissioners recommend that-

* the investigations by the IGP should be under the supervision of the Attorney General, and
* the determination of the appropriate legal proceedings should be by the Attorney General.

The Material Available with Regard to the Category of Perpetrators

In the 4473 cases where disappearance has been proved the identification by the petitioners of the category of perpetrators responsible was as follows :

* Agents of the State/para military groups in collaborations with them-
* Subversive groups
* Personal enemies
* Unknown persons

Some of the main factors on which petitioners based their identification of the category of those responsible were-

*** Factors Specific to the Disappeared Person**

His anti-Government political affiliation was the main operative factor, irrespective of whether the party concerned was lawful or unlawful. At least 680 cases of abductions or disappearances could be conclusively attributed to the participation of such persons in legitimate political activities.

3 The Commissions are-

(i) The Commission of Inquiry into Involuntary Removals and Disappearances of certain Persons (All Island).
(ii) The Commission of Inquiry into Involuntary Removals or Disappearances of Persons in the Central, North Western, North Central and Uva Provinces.
(iii) The Commission of Inquiry into Involuntary Removals or Disappearances of Persons in the Western, Southern and Sabaragamuwa Provinces.
(iv) The Commission of Inquiry into Involuntary Removals or Disappearances of Persons in the North East Province.
(v) The Commission of Inquiry into the Establishment and Maintenance of Places of Unlawful Detention and Torture Chambers at the Batalanda Housing Scheme.
(vi) The Special Presidential Commission of Inquiry probing into the Assassination of Lieutenant General Denzil Kobbekaduwa and nine others and causing serious injury to another at Araly, Kayts on 8th August 1992.
(vii) The Special Presidential Commission of Inquiry regarding the Assassination of the late Lalith Athulathmudali PC and Connected events.
(viii) The Special Presidential Commission of Inquiry into the Assassination of Mr. Vijaya Kumaratunga.

An evasion of earlier searches for him either by the agents of the state or by the subversives, his refusal to identify himself with the political stucture at village-level whether the pro-Government or subversive, that he held public office or was a Government employee or a family member of a member of the security forces or had asserted his right to vote or contest at elections, were among the prevalent factors.[4]

*** Factors Specific to the perpetrator such as a personal animosity towards the disappeared person.**

Some examples are-

One Mrs. K. S. W. related to this Commission how a Police informant had made use of the Kundasale Police to destroy her husband and three sons due to a previous enmity with them. A party in police uniform including the OIC and the informant Mr. K. had abducted her husband and three sons on 11.09.1989. Thereafter the OIC Kundasale and Police party returned to the village with two of her sons and 2 others, set fire to their house and had taken away her sons. That was the last time she saw her sons alive. She says that the corpse of one was found at Pinthaliya Junction and the other at Wedige junction. There was no information about her husband.

In another case the petitioner stated as follows :-

"My son was a University student and was staying at the University hostel. He used to visit us every week. After his visit in early May, 1989, he did not come home as usual. On inquiry at the University Hostel the Warden informed me that my son was missing and that his name is among the seven missing from that Hostel."

There were many such cases.

In these instances the petitioners were clearly aware that what had happened went far beyond what could be attributed to a breakdown of relations between the particular perpetrator and the victim. While seeking to identify the person who had been the immediate link in bringing the "system" into operation against them, they described the prevalent situation graphically and in concrete terms.

*** Factors specific to the times**

The corpus was taken at a combing - out operation by the security forces, or modern weapons and vehicles were used in the incidents of abduction, or he was killed for defying an "unofficial curfew" declared by the subversives.

4 This last group of factors was usually associated with the perpetrators being subversives

In the period under review the modus operandi was a general indicator of the agency involved.[5]

The subversive act was destruction, usually a killing, of a person in as public a manner as possible. The corpse would be left identifiable bearing several ante - mortem injuries of a brutal nature and a placard be displayed, bearing a message such as "Death to Informers". There would usually be instructions that the body be buried without ceremony and acts of respect to the dead usual in our society.

The technique of abduction and disappearance adopted by the forces was of a different nature. While the abduction would be done very publicly, the re-emergence of the body if at all, would be in a mutilated state that made its identification difficult.[6] When these bodies were left in public places they were not accompanied by a claim as to who were the perpetrators. Ironically, the very absence of a claim and the very attempt to prevent identification of the body came to be an easily identifiable "trademark" of the perpetrator.

In the South there were only a few abductions at hands of subversives, in most instances they were involved in killing, whereas the Government Agencies were mostly involved in abductions. However in the North and East, both subversives including the LTTE and the State agencies, were involved in abductions and disappearances. Public killings and the display of bodies with placards stating the so-called reason for the killings continued to be a practice of subversives in the North too.

A notable special feature in the identification of the perpetrator involved in respect of the incidents in the North during the period from 1987 to 1995, was the absence of a police and military presence there. The naval presence was confined to the sea and the Air Force was confined to Palaly. There were no foreign NGO' s operating in the North during this period other than the ICRC.[7] The evidence placed before this Commission is that the "streets were littered with bodies" even as late as the first months of 1995.

A complainant described the situation as follows :-

> "There was no Army or Police at that time (in Jaffna). There were many bodies on the road those days. So many in my neighbourhood. The bodies were left to decay on the road."

The perpetrator involved during this period was one or other subversive group, mainly the LTTE.

The Political Dimension to Disappearances

The involvement of politicians of the ruling party in abductions and disappearances came to light in the evidence in many of the complaints inquired into by this Commission. These witnesses took the Commission into their

5 The exceptions to this were the Jaffna incidents, see separate chapter on Jaffna.
6 This was so all over the Country including the North.
7 The ICRC established its Office in Jaffna in May, 1990.

confidence, disclosed the name of the politician concerned and described graphically the chain of actions starting from a veiled or direct threat by the politician himself. There were several instances where activists of legal political organizations would be abducted and made to disappear " as punishment" for not supporting the particular politician's political party.[8]

The spectacle of impunity conspicuous in this period gave rise to the public perception that such a spectacle could not have existed without the complicity of the political leadership. This was evident from the fact that no police station entertained complaints of disappearances. "Lists" of names of political enemies were supplied to the security forces for elimination. The close participation of the local politician in such activities was apparent to the general public. There is also evidence that some abducted persons were confined in residences of politicians and had disappeared thereafter. In this regard, the role of the bodyguard has to be investigated. There is evidence bodyguards of politicians has participated in the abduction of certain persons who have now disappeared.

Responsibility of Armed Groups

The evidence before this Commission has thrown up in sharp relief the need for a recognition of the liability of armed groups for grave human rights abuses committed by them - a recognition as a "Right" of the victims of these abuses, and not only as a culpability arising from a breach of national criminal laws.[9]

The right to pursue the establishment of liability, from the local to the international levels, inevitably follows the recognition of such a "Right" in the victim (s). The full panoply of reliefs due for a breach of a "Right" would also be available then to victims of armed Groups.[10]

Human Rights Law has developed in response to identified needs. Historically its growth was in the context of the atrocities committed in World War II, so that in the drafting of the principal International Human Rights instruments the atrocities addressed were those committed in an unbridled exercise of **State power**. Additionally, generations growing up in the decades of anti - colonial struggle following on World War II have tended to consider the actions of armed groups as taking place in the context of a struggle against a repressive imperialist State that denied the identity of the colonized other than as an object of the exercise of State power, and hence abuses bu such Groups as being an inevitable fall - out.

It is time that the rights of the individual occupied centre - stage.

8 See separate chapter on Jaffna
9 These acts are already crminal acts under Sri Lanka's National Law.
10 The practice of Sri Lanka since 1994 has been to accord relief to victims irrespective of whether the perpetrator was an armed group or the State. What is under consideration here is the liability of an armed group to provide relief to their victims- This may be through restoration of property and extend up to a personal liability in the leaders of the respective armed groups.

We have found that armed groups engage in every abuse of the most basic rights of the individual, including the arbitrary deprivation of the right to life through massacres of civilians, killings of suspected "informers" or those who merely abstained from joining the particular armed group; repeated forced movements of people (touchingly described by witnesses as "forced exodus") and expulsions of populations on the grounds of ethnic or religious backgrounds ; the use of fear and intimidation to silence critics ; the practice of torture; the forced abduction of children for use as combatants ; and so on"

This commission accordingly recommends that the Government of Sri Lanka takes up at the relevant international fora the issue of the need for the formulation and promulgation of an international instrument on the subject of the responsibility of armed-groups[12]

The UN Treaty Banning Landmines and the Treaty Establishing the International Criminal Court are precedents that already consider the liability of armed groups.

It would of course, be the vigor with which a State acts against State and allied abusers of Human Rights, that would invest that State's actions against armed groups with moral authority.

11 See further Southern Commission's Report on this subject

12 Such a step would in no way be understood to be an implicit recognition in any Armed Group of the status of a State Party to the ensuing Convention.

CHAPTER IV

LEGAL PROCEEDINGS REGARDING THOSE RESPONSIBLE

"Their can be no healing without peace ; there can be no peace without justice ; and there can be no justice without respect for human rights and the rule of law"

Kofi Annan,
Secretary-General,
United Nations.

The old question of impunity remains very much with us. Whether or not each individual Police Sergeant, Police Driver, Army Corporal is prosecuted is hardly indicative ; but there are some key figures, and people say : "If those are still free what are you talking to us about Justice"

"INFORM"

The terms of reference of the Commission requires the Commission to inquire into and report on-

"The legal proceedings that can be taken against the persons held to be responsible for involuntary removals and disappearances during the period under the investigation"[1]

Those Responsible

The persons whose names appear in lists sent under separate cover are those in respect of whom one or more Commissions of Inquiry have found there to be credible material indicative of their responsibility for disappearance of persons. At the point of time when Presidential Commissions identified perpetrators on credible material these findings were purely factual and without legal significance.

This chapter will therefore deal with criminal proceedings starting with the investigation by the police which must follow.

Conduct of Investigation by the Police

It is imperative and accordingly recommended that the Police investigations be done in respect of the recommendations of all the Presidential Commissions with regard to the perpetrators of disappearances of persons and not be done on a case-by-case basis alone. **The investigation need be done in such a manner as to give the victims confidence in their impartiality.** In response to the recommendations of the earlier Commissions that the independence of the investigations be safeguarded, a Disappearances Investigation Unit (DIU) has been set up under the Deputy Inspector General of Police of the Criminal Investigations Department.

1 Vide paragraph (e) of the Mandate.

It is recommended that the DIU be well equipped and provided with all logistical support.

Conduct of Prosecutions

A special unit named the Missing Persons Unit had been established in 1998 at the Attorney General's Department to advise on investigations and to conduct prosecutions in cases of Disappearances by 1st January, 2000 this unit had initiated 213 prosecutions in the High Court and 79 non-summary inquires in Magistrate's Courts.[1a]

The establishment of this Unit while underlining the special problems of prosecuting cases of disappearances, suffers form drawbacks, in that the prosecutor is the Attorney General who invariably is the representative of the State, either as prosecutor or as respondent, in judicial proceedings. In this instance the present arrangement makes the Attorney General the representative of the victim, and prosecutions are conducted on the basis that the crimes were the acts of errant officials. This again highlights a problem of the **public perception of a Conflict of Interest**, in that the victims are very much affected by the awareness that State Officers are investigating into complaints against Officers of State. **This problem could be obviated by empowering the Human Rights Commission to have a prosecuting arm.**

The Human Rights Commission Act does not confer powers or the means to the Human Rights Commission to investigate and prosecute. **We therefore recommend that the Human Rights Commission Act be amended to provide for an Independent Human Rights Prosecutor.** Until then, as an interim measure, such prosecutions could be done by the Missing Persons Unit of the Attorney General's Department.

It is hoped that the coming into existence of an office of an Independent Human Rights Prosecutor and the prosecutions initiated thereby will give rise to valuable jurisprudence on State liability for breach of human rights norms, in contradistinction to the outcome of the proceedings in normal prosecutions as at present, which emphasises the culpability of errant individual officials alone.[2]

Criminal Liability

This Section will deal with certain aspects relevant to the ascertainment of the legal liability of a person once the Attorney General has filed charges based on the final outcome of the police investigations.

(i) Offences

Thee is no offence of disappearance under the law in Sri Lanka. However many of the elements of disappearances are offences under the law, such as abduction ; wrongful confinement ; Conspiracy to abduct or worngfully confine ; Abet in an abduction or wrongful confinement ; Conceal an abduction ; Additionally, Conspiracy to abduct with the intention to murder ; and Murder itself, are offences already in the Penal Code which carry the death sentence. The present Penal Code is the same law that was prevailing at the time of the relevant incidents.

1a See Annex IV for particulars of the Prosecutions initiated by the Missing Persons' Unit
2 This is a matter of concern to Human Rights activities.

The creation of a new offence would be relevant in respect of such acts committed in the future only. It is a cardinal principle of the rule of law and enshrined in our constitution that a person cannot be punished under retrospective criminal legislation. The Torture Act, which was enacted recently following the ratification of the International Convention on Torture, would be operative with regard to incidents of torture subsequent to the enactment of this Act.

However, **Disciplinary Action** could be taken in respect of officials against whom allegations have been levelled. Such a step is already overdue.

(ii) The prosecutor

This Commission recommends that an office of an independent Human Rights Prosecutor be created by specific legislation [3a], which should be a new independent institution similar to the Commissioner of Elections and the Auditor General, with funds provided by Parliament. In any event this could be a unit under the Human Rights Commission[4]

(iii) Trials

There should be no change in the present law and practice that the Forum for the decision on criminal liability should always be the courts of law and not Special Tribunals.

(iv) Procedural Fairness

Principles of procedural fairness, which include the principles of 'audi alteram partem' and the right to legal representation, should always be applicable.

(v) Access to State Records

We have found Police Records such as Information Books, Diet Registers, Movement Registers, and Medical Records, are valuable sources of information. It is recommended that these Books should be handed over to the office of the Disappearance Investigation Unit of the Police with a view to ensure the safety of such books. There appears to be deliberate attempts by some Officers to destroy incriminating documentary evidence against certain police officers.

(vi) Non availability of a Defence of Due Obedience

We **recommend** that no defence of due obedience is to be entertained. As stated earlier all the offences constituted by the acts in question are already well - established offences under the law.

3a This matter has already been referred to in this Chapter in the section on Conduct of Prosecutions.
4 Under the present Act, the Human Rights Commission has no powers to prosecute and the law needs to be amended to give it such powers.

The Indemnity Act No. 60/88 is an ex-post facto legislation. At the time of the commission of the acts in issue all persons concerned were well aware that they were acting outside the law.[5]

We recommend the reaffirmation of the principle of accountability in respect of past acts as this is required for the good of society in the future. We recommend further that prosecutions not be confined to Junior officers alone.[6]

(vii) Amnesty to witnesses

An amnesty to witnesses including perpetrators who confess to their own participation in human rights violation and give full evidence of the accompanying circumstances is recommended. We also recommend that the Human Rights Commission be directed by Your Excellency to set up machinery by way of a Special Committee of Eminent Persons to entertain and record evidence and **to recommend an amnesty to such witnesses from within the structures who within a stated period confess to their own participation in the violation of the Human Right at issue and give full evidence in respect of the whole incident including orders received, planning for etc.** The Provisions of the South African Truth Commission may be considered a model. We consider that this would quite properly be considered to come within the Human Rights Commission's duty to advice etc. The Reports of all Commissions which had dealt with disappearances should be made available to the Human Rights Commission and to the Special Committee Set up for this purpose.[7]

(viii) The Position of alleged individual perpetrators while they are under Investigation

Such persons should be transferred out of the area of alleged incidents under investigations. Interdiction however should not take place until a disciplinary inquiry or a criminal prosecution is insituted.

However, if any alleged attempt is reported,

* to interfere with witnesses
* threats to lawyers
* threats to petitioners and withness
* obstruct investigations

5 Section 100 of Army Act No.: 17 of 1994 reads as following
"Every person subject to military law who disobeys, in such manner as to show a willful definance of authoirty any lawful command given personally by his superior officer while such officer is performing his duties, whether such command is given orally or in writing or by signal, or otherwide, shall be guilty of a miliary offence .....
Every person subject to military law who disobeys any lawful command given by his superior officer shall be guilty of amilitary offence ....."

6 Vide section on Chain of Command Responsibility and the section X on Prosecutions in chapter VI.

7 The law recognises confessions accomplices to crimes who while giving evidence for the prosecutions are granted a pardon.

we recommend they should not only be the subject of a further inquiry followed by further punishment but shuch complaints should be a ground for interdiction as being evidence of unchanged attiude and conduct.

(ix) Punishment of Individual Perpetrators

Imprisonment of individual perpetrators convicted by a Court of Law and consequently deimissal from service are possible already and should be the invariable practice with regard to this category of offenders. Dismissal from service, loss of promotional prospects, demotions, loss of salary increments etc. are already possible consequences and should invariably follow from a finding of violation of Departmental Rules and Procedures in accordance with the degree of gravity of the breach. Disciplinary action not only can but Must follow.

The absences of Disciplinary Inquiry at Police Departmental level and Court Marshals in respect of errant members of the Security Forces will have as it's inevitable outcome, a sense of de facto impunity, which in turn will give rise to a sense of resentment in the forces whose accountability is reasserted.

It is recommended that the allegations of **unjust enrichment** should be the subject of consideration at the trial, so as to obviate the need for a multiplicity of actions. The liability to restore to the complainants any unjust enrichment and the award of **compensation should be the part of a punishment, never a substitute.**

(x) Chain - of- Command Responsibility

The Concept of chain - of - command responsibility has already been identified and its implications worked out in the Habeas Corpus Jurisdiction of the Court of Appeal. **We recommend** that the issue of the accountability of the chain -of-command structures should be referred to the Supreme Court under the constitutional provisions[8] enabling Your Excellency to seek the opinion of the Supreme Court where "It appears to the President of the Republic that a question of law or fact has arisen or is likely to arise which is of such nature of such public importance that is expedient to obtain the opinion of the Supreme Court".

A full bench of the Supreme Court should constitute the Division for this matter. As the Asian Human Rights Commission said in evidence before this Commission,

"If disappearences had taken place in a particular area the ASP in charge, even if he had no direct hand in such disappearances, should be made liable for the action of his subordinates. The liability of the officers - in- charge of an area cannot be treated lightly."

8 Vide the Constitution of Sri Lanka.

The Right to Civil Proceedings where there is a Court finding

Where a person has been found responsible in a Court of Law for abduction or wrongful confinement and where it transpired that the disappearance of the victim has ensued, **we recommend that a right be recognized in the dependants of the disappeared person to institute civil proceedings for the recovery of losses suffered by reason of such disappearance**. The right of the dependent should arise with no distinction whether the Courts finding was in a Fundamental Rights case or a Habeas Corpus application.

Institution of Applications for Fundamental Rights Violation

As the Constitution presently stands, a dependant of an " involuntarily removed and disappeared" corpus would not be able to invoke the jurisdiction of the Supreme Court under the Fundamental Rights Chapter in respect of the violation of the fundamental rights of that disappeared person. We accordingly **recommend** amendments to Article 17 and 126 of the Constitution [9] enlarging the scope of locus standi in Fundamental Rights applications.

Specially in the Case of the returned detainees, we recommend that, they be permitted to make applications, despite the **lapse of time**, in terms of Article 11 and/ or Article 13 of the Constitution through the Legal Advisory Services Bureau proposed in chapter IV. Although the time limits contemplated in Article 126 (2) of the Constitution have been interpreted liberally by the Supreme Court **a special response to cater for the problem of the returned detainees** by way of a Constitutional amendment is merited.

Habeas Corpus Applications

This Commission was struck by the volume of Habeas Corpus applications filed in respect of disappeared persons in the period under review. This fact goes to **underline the necessity that this remedy be made procedurally speedy and unocomplicated as well as being inexpensive**. We have dealt with this subject at length in the chapter on Preventive Measures.[10]

Implementation of Recommendations

A non-implementation or a lack of speed of implementation of the recommendations on Legal Proceedings by the three Disappearances Commissions" would undestandably be a cause of anxiety to the human rights activest as well as to complainants themselves.[12] We adopt the recommendations of the earlier Commissions and stress the need for swift action in respect of those recommendations, and the need to create an office of an Independent Prosecutor[13] whether as a structurally distinct unit or as part of the Human Rights Commission.

---

9 This is a part of the amendments in the proposed Constitutional proposlas in the chapter on Fundamental Rights.
10 Vide Chapter V section on Habeas Corpus Applicaiton.
11 Which handed over their Reports in Septmber, 1997.
12 This affects the credibility of appointing Commissions and such institutions by the Government.
13 The A/G reported to this Commission that a unit headed by a Senior State Counsel called the Missing Persons Unit has been established.

CHAPTER V

PREVENTIVE MEASURES

The objectives of the recommendations set out below are —

* **The restoration of mutual confidence amongst citizens interse, and between citizens and the State.**
* **The strengthening of the underpinnings of a just and democratic society**

We are mindful that our recommendations should have relevance and be meaningful to citizens living in all parts of Sri Lanka. Priority must be given at all times to avoidance of situations of disappearances arising. The security forces and the police are necessary adjuncts of a State. They are required for the protection of the state and the protection of the citizens of the State.

The average citizen looks to them for protection. The tragedy of Sri Lanka lies in the distortion of relationships between the citizens and the security forces including police, which has resulted from the acts of both politicians and subversives.

The paragraphs following will consider the changes required, whether by way of changes to existing institutions and procedures or by way of the establishment of new institutions and procedures, for the realisation of the objectives as rightly identified in the Southern Commission Report quoted above.

1. Provisions relating to Arrest, Detention and Transfer

The following recommendetions shall be applicable to ALL arrests, detention and transfers, irrespective of whether they take place under the usual provisions of law or the extraordinary provisions under the Emergency Regulations and the Prevention of Terrorism Act :—

1. **The Duty to Record Arrests, Detentions and Transfers** :-All arrests, detention and transfers must be recorded, in the books of the arresting authority immediately with the event.
2. **The Duty to Inform** :- The security forces including the police must inform the nearest **police station** forthwith of all arrests made by them. There shall be a concomitant duty on each police station to maintain a register of such notifications. **The information to be recorded at the police station must contain the following particulars** :—

   (i) Name of informant and other particulars of Rank, Regiment, and Army camp/Police station.
   (ii) Time and date when the information was received.
   (iii) Full particulars of the transaction informed i.e. place, time, purpose, etc.
   (iv) Name and address of relatives as supplied by detainees.

   Information to Divisional Secretary.— Additionally there should be a duty cast on Officers-in-Charge of the Police Station or the Army Camp whch was

the arresting authority to submit to the Divisional Secretary weekly a list of perssons arrested, detained or being transferred with particulars including such person's permanent address. There Shall be concomitant duty on the Divisional Secretary to maintain a register of such information received which will be available to relations, lawyers or other persons/organisations with a legitimate interest in such information.

Duty to inform the Human Rights Commission

Her Excellency the President has already issued a directive to Heads of Armed Forces and the Police Force.[1]

Section 6 (ii) of the Presidential Directive is as follows :—

> **"Every officer who makes an arrest or order of detention as the case may be, shall forthwith, and in any case not later than fortyeight hours from the time of such arrest or detention, inform the HRC** or any person specially authorized by the HRC, of such arrest or detention as the case may be, and the place at which the person so arrested or detained is being held in custody or detention,"

However, the penality for non-compliance with this directive is unclear and statistics of compliance are unavailable. **This Commission accordingly recommends that the penality for non-compliance should be clearly specified** and **that it should cover Chain-of-Command Responsibility,** in respect of non-compliance and that the **IGP be required to compile and make available to the Human Rights Commission statistics of compliance.**

3. **The Duty to produce before the Magistrate within 24 hours** :- The requirement that all persons taken into custody be produced before the Magistrate within 24 hours, which was a long-standing salutary feature of law, was rendered inoperative during this period concerned in respect of the many persons in detention under Emergency Regulations and the prevention of examined by the Supreme Court in the exercise of its fundamental rights jurisdiction. **The 24 hour rule should be re-introduced without delay. Additionally,** the Magistrate must continue to be kept informed of any change in the place of custody, transfer out of the Magistrate's jurisdiction, and release.

   The Magistrates Court shall maintain a written record of such information, which will be available for perusal at the Magistrate's Courts.

4. **The duty to issue a Receipt of Arrest** :- The arresting officer must give at the time of arrest to a family member or friend of the person arrested, a Receipt of Arrest. This receipt must contain the name of the person arrested, date, place, officer arresing with rank and place of intended detention. A copy of this Receipt of Arrest is to be given in writing to the detainee himself.

1 Vide Annex XVI Her Excellency Directive dated July 11, 1997.
"to enable the Human Rights Commission of Sri Lanka (herein after referred to as 'the HRC') to exercise and perform its powers, functions and duties and for the purpose of ensuring that fundamental rights of persons arrested or detained are respected and such persons are treated humanely"

5. **Detention**

   Place of Detention :- " I looked for him all over the country" was a familiar statement in the evidence of the many petitioners before the Commission. **We welcome the fact that detention is required to be only at a place which is designated by the relevant authority to be "an authorised place[1]" of detention.**

   It is recommended[2] :

(i) **That adequate publicity be given of the authorised places of detention [2] :**

   (a) At a central regional office eg. The Government Agent's office or the Kachcheri.

   (b) Through public display at the Magistrate's Courts, the Divisional Secretary's offices and the Grama Niladharis offices concerned.

(ii) **That the regulation should include the requirement of prompt handing-over to the custodial authorities :**

   (a) That members of armed forces hand over persons arrested by them to the officer-in-charge of the nearest Police Station ; and

   (b) Custody of the persons under arrest be handed over to the prison authorities as soon as possible and this be on a valid detention order. The task of the prison authorities is detention, independent of any investigation process that may be involved.

   (a) and (b) above **shall apply equally to a change of place of detention.**

(iii) **The Magistrate be required to visit alleged places of detention brought to his notice.[3]**

6. **Visits by Magistrate of places of detention.-This Commission recommended the Magistrate be required to visit all places of detention once a month.** A record of the Magistrate's monthly visit and comments, if any, and of any special visit made by the Magistrate pursuant to his Habeas Corpus Jurisdiction as proposed in this report, must be maintained at the places of detention as a record available for perusal by lawyers, Court, and persons or organisations with legitimate interest in the information. [4]

7. **Conditions of Detention.-The Prison Rules should apply, including the right to communicate with the detainee's family and with legal counsel as stipulated in U. N. Standard Minimum Rules for the Treatment of Prisoners.**

1 From time to time such authorised places are published in the Government Gazette.
2 Vide Annex III for list of Authorised places of detention.
3 Vide Chapter VII on Habeas Corpus Application.
4 This is in addition to the Record that the Magistrate is required by law to maintain.

It is recommended that :

(a) The **Prison Rules** are made applicable to the detention of persons under the Emergency Regulations, **including the right of the detainee to communicate with the family with legal counsel as stipulated in UN Standard Minimum Rules for the Treatment of Prisoners.** [5]

(b) That the detainee **be produced before the Magistrate within 24 hours** of the arrest, even if it is necessary to be returned to police custody for investigations.[6] This system is prevalent in Japan today.[7]

8. **Release**.-Release from detention must be —

(i) Through Courts ; or
(ii) To the families

When release is to the family, a family member must sign the record of release. The Magistrate's Court and the Divisional Secretary must be informed, including particulars of the person to whom the detainee was released.

ii. **The effect of a failure to abide by Rules regarding Arrest/Detention/ Transfer** "We checked everywhere, the Police, the Army, the ICRC, the Presidential mobile Secretariat" was another familiar statement before the Commission. while Presidential Directives specify clearly that every member of the armed forces and of the police force shall ensure that fundamental rights of the persons arrested or detained are respected and the present Emergency Regulations provide a procedure for dealing with a non-adherence of the Regulations, **it is vital that the State itself is seen to be alert to the preservation of these rights by way of an institution of action in respect of alleged violators.**

1. **A Criminal Prosecution**.-The **failure** or refusal on the part of the Police to record arrests, detentions and transfers by the police and security forces, and to record complaints of abductions **if followed by an involuntary disappearance**, should be declared **a cognizable offense** by Act of Parliament. A criminal prosecution shall take place without delay.[8]

2. **A right of Private Plaint**.- The failure to record arrests, detentions and transfers coupled with the refusal to record complaints of involuntary removals or disappearances as it happened in the period under review lie at the root of the phenomenon under consideration. It is a frontal attack at this root that requires attention. **We accordingly recommend that the failure or refusal per se to perform the rules envisaged above be declared to be acts entailing penal consequences, with, a right to file a private plaint in a virtual complainant, whether and individual or a representative institution, in the event of the police failing to institute proceedings.** The recognition of an institutions as having locus stand to institute proceedings may serve to translate into practical terms the concept of the community concern in respect of the failure on the part of state agencies on whom public trust has been reposed.

5 Vide Annex V - Prison Visitors Functions and Duties.
6 The present Emergency Regulations permit seven days detention.
7 Vide Annex VI - Extract from United Nations Asia and Far East Institute for the Prevention of Crime and Treatment of Offenders.
8 No prosecutions have taken place to date.

REFERENCE ONLY LIBRARY SLT

3. **A Disciplinary Inquiry**.-A failure to abide by the Regulations without more should make the officer concerned subject to a disciplinary inquiry which shall be conducted by an inquiring officer from outside the service to which the alleged defaulter belongs. An absence of Disciplinary Inquiry for breaches of these Regulations was a feature of the era under consideration which, regrettably, continues and must be addressed. **It is the duty of superior officers to control subordinates and ultimately create a culture of accountability in the security forces. If follows that superiors should themselves be subject to disciplinary action for a non-performance of this Duty.**

4. **In-Service consequences of non-adherence to Regulations**.-That penalties of suspension, termination of the service, loss of promotional rights and other **disciplinary measures should invariably ensue from a finding of the disciplinary inquiry that the officer has violated the Regulations, is the best corrective factor for the prevention of abuses.** [9]

5. **Entry in Service Record**-This is **required for the success of any assertion of the principal of accountability whether at the level of the individual or at the level of the Chain-of-Command**. As at present, neither a finding of the Supreme Court that an Officer is in breach of the Fundamental rights of a citizen, nor a finding of responsibility against an officer in a Habeas Corpus Application, is entered in his Service Record. This, coupled with the absence of Disciplinary Inquires into alleged breaches of Regulation in this field, have resulted in several instances of promotions taking place without due attention being given to these incidents of proven abuse and breach of regulations. The resultant twin consequences are a disenchantment on the part of the general public in the institutions of the police and security forces (as opposed to the individual officer.), alongside the growth of a tendency on the part of the members of the police and security forces to view the attempted re-assertion of the principle of accountability as a political ploy of playing-to-the masses.

In instances of judicial review of administrative action by the Supreme Court in complaints of transfer and non-promotion by Officers, the absence from Service Records of such crucially relevant particulars can well result in undue weightage accruing to the petitioner-officer's allegation of political discrimination. Moreover, more than one instance has been brought to our attention of the Print Media, misled by alleged particulars given in a petitioner-officer's Petition to Court, in its turn misleading the General Public.

We accordingly **recommend**—

(i) **the Service Record of an Officer should include** instances where the Supreme Court has found the Officer to be in **breath of Fundamental Rights**, and a finding of **responsibility in Habeas Corpus Applications.**

(ii) that the **failure to abide by these regulations** when proved shall be entered in the officer's service record.

9 There are very few instances of any of these consequences following, with the effect that these Regulations are not taken seriously.

(iii) Speedy Action based on the findings of the Disappearances Commissions

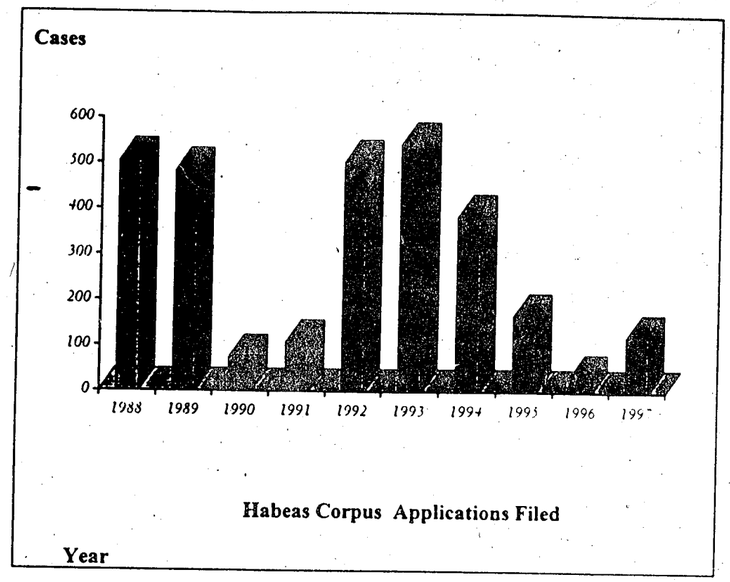
There is an urgent need for speedy investigations based on the findings of the four Disappearances Commissions. **The dangers that lurk from a delay in the conduct of investigations** is well illustrated by a recent decision of the Supreme Court where a Police officer's transfer was stopped on an application by him that his transfer was a violation of a Fundamental Right. He had submitted to Court that he had a good service record and that the transfer was *mala fide*. In fact two Commissions of Inquiry into Disappearances have made recommendations in the light of the evidence before them that this officer was responsible for several disappearances and had recommended legal action and disciplinary proceedings be initiated against him. But this fact was not before the Supreme Court when it considered the Fundamental Rights application of the officer. This would not have happended but for the dalay in taking steps to prosecute this officer and take disciplinary action against him as recommended by the Disappearance Commissions. If such action had been taken this police officer could not have pleaded that he had a clear record of service.

iv. The Enlargment ot the Efficacy of Writ of the Habeas Corpus

The need for speed of Response:- The writ of Habeas Corpus is a main plank in the prevention of disappearances from custody. First and foremost is the requirement of speed of response. The opportunity to invoke this jurisdiction no sooner a situation of unacknowledged custody arises, is the first requisite.

Enlargement of the Magistrate Court Jurisdiction in HCA matters:- Your Commissioners **recommend** the enlargement of the jurisdiction of the Magistrate Court to empower the Magistrate to receive the affidavits of the petitioner and his witness; to rigister the complaint; to entertain the petitioner's application that the Magistrate visits the palce of alleged unacknowledged detention; to forward to the High Court the affidavit and the notes of visit etc. The existing jurisdiction to record evidence once a matter is referred to the Magistrate Court by the High Court, will continue, and the High Court shall continue to exercise jurisdiction in respect of the declaration of responsibility and compensation as at present.

A Special Division of the Magistrate's Court Colombo :- It was the increase of arrests and detentions under the Emergency Regulations during the period relevant to this Commission that saw the use of the writ of Habeas Corpus as a challenge to the use of powers under the Emergency Regulations. A total of 2925 Habeas Corpus applications had been filed during the years 1988 to 1997.



The effectiveness of the remedy of Habeas Corpus became questionable however in view of the delay attendant on obtaining the relief. **A perusal of the break-up of the Habeas Corpus applications filed and pending, (vide chart) shows that out of 2925 cases have been filed between 1988 and 1997. Of those 272 have not been concluded as yet, while most of the applications were disposed of after a lapse of over 5 yerar.** In most of the areas outside the Eastern Province the facility for Habeas Corpus Applications to be filed in the High Court was not availed of. This facility made it easier for petitioners to have access to the Courts to locate abducted persons. However, the Habeas Corpus applications received by the High Court of Batticaloa appears to have been dealt with more expeditiously, out of 49 filed between 1994 and 1997, 44 have already disposed of.

Particulars of Habeas Corpus Applications filed between 1988 and 1997

Year	*No. HCA. Registered*
1988	505
1989	483
1990	74
1991	108
1992	503
1993	543
1994	376+09*
1995	130+38*
1996	33+01*
1997	121+01*
Total	2876+49*

* These are complaints filed in the High Court of Batticaloa.

It is recommended **that a Special Division of the Magistrate's Court Colombo should be established in order to deal with the Habeas Corpus Applications pending in the Court of Appeal since 1988.** [10] Petitioners must feel they have had the attention of the Courts. It is importants that **notices should go out anew** to the petitioners from the Court of Appeal in respect of their applications.

The Consequences of an adverse finding on a Habeas Corpus Application :- should not be confined to the payment of damages by the State alone, but should include disciplinary action against the individual officers responsible. Where individual officers and found resposible for such violations the following consequences should follow:—

(a) The human rights record of the person responsible, be it a member of the armed forces of the police, should be taken into account in the consideration of promotions of such personnel.

(b) Such person who is under investigation for involvement in disappearances should be interdicted and suspended from active duty until inquiries are completed.

(c) In any case those found guilty should not benefit from indemnity ligislation.

Problems of recovery of sums awarded by Court and arisen even after successfully completion of an application. In many cases the respondents had appealed against the order and had either died while the case was pending or left the Island before the conclusion of the appeal. Consequently the applicants had not got the benefit of the awards. **It is therefore recommended that,**

(a) The respondent be required to **deposit the sum awarded in Court pending appeal;**
(b) The **obligation to pay** the award **be available against the respondents assets** and if he died, against his estate.

Legal Aid.- The Remedy of Habeas Corpus should be made affordable to any citizen irrespective of his financial resources. We therefore **recommend that Lagal Aid organisations providing their services to applicants for a writ of Habeas Corpus be made recipients of State grants.**[11]

(v) Emergency Regulations

The expansion of the powers given under the Regulations to the Police and the Armed Forces accompanied by the reduction of the occasions and degree of scrutiny by the judicial system, assisted in creating an environment within which the incidents reported to the Commission took place. **This Commission accordingly recommends the utilisation of the powers under the state of emergency be minimised.**

10 See particulars in chart above.
11 At present state grants are only to the Lagal Aid Commission which does not handle Habeas Corpus Application. The Bulk of the Habeas Corpus and the Fundamental Rights cases are handled by the BASL, MDDR and such other organisations which do not receive any State grants.

The Commission further **recommends** that the **underlying principles** to the Regulations made under emergency powers should be as follows:—

Scrutiny of Emergency Regulations:- This Commission **recommends a mechanism be set up within Parliament** entrusted with the specific task of the scrutiny of each Regulation before its monthly promulgation by Parliament, and that **Human Rights Groups be given opportunity to make submissions** in the course of the month to this structure. Currently, whilst the extension of the Emergency itself is subjected to discussion by Parliament on a monthly basis and the Public Security Ordinance provides that Parliament may revoke, amend of modify a regulation, a scrutiny of the Regulation rarely takes place.

Publicity to the content of Regulations:- The Regulations which should be worded in clear and unambiguous language and be drafted under the supervision of the Legal Draughtsman, should be given wide publicity **through the media each month** at the time of their renewal.[12]

Enlargement of the Magistrate's Power in respect of Detention Orders : The Commission **recommends** that the Magistrate be empowered when inquiring into the extension of the Detention Order **to require the Secretary to provide supplementary information** regarding the Detention Order, for example information on the continuing necessity of detention.

Strict observation of the pre-requisites for the Regulations to become operative : The pre-requisites for the regulations to become operative are the pre-requisites, also, for the prevention or the limitation of disappearances and related abuses. While the Supreme Court has repeatedly emphasised that the requirements laid down in the Regulations for their provisions to come into operations "were not intended for merely cosmetic purposes, but for the sake of fulfilling the basic obligation of the State to ensure the personal security and liberty of all persons[13]", **a concerted and continuous effort of compliance is required on the part of all branches of the Security Forces and the Police, for the prevention of Disappearances and a resurgence of the conditions that predisposed Disappearances.**

(vi) **The Re-assertion of the principle of Chain-of-Command Responsibility** : The efficacy of the preventive measures considered here, whether of criminal liability, disciplinary inquiries, entry in service records etc, would be set at nought without the re-assertion of the fundamental principle of the accountability of superiors, or "Chain-of-Command Responsibility". It is very important that very clear directions are made available for the future, defining the accountability of Chain-of-Command structures. **Officials with Chain-of-Command responsibility who order or tolerate "disappearance" by those under their command should incur themselves criminal liability invariably.**[14]

12 This would enable the media to be a partner in the provision of publicity and openness. Government Gazettes are very difficult to obtain and are not readily available to the public.
13 Vinyayagamoorthy v. the Army Commander et al. SCAP No. 36/94 SCM 20.12.96
14 See further under chain-of-command responsibility in chapter on XI.

(vii) **The need to dismantle "Alternative Structures of Command" and the Prevention of their coming into existence.**

This Commission finds that an alternative structure came into being in the Police during the relevant period, with Officers being promoted through political patronage. The elimination of alternative structure of command is a prerequisite for prevention. In this context **we recommend** that **steps be taken without delay against miscreants identified by the Commissions or on complaints** made in the ordinary course of investigation. It follows that legal action will ensue where warranted.

(viii) **The Elimination of the Possibility of the Maintenance of a "Private Army" at State expense**

The maintenance of a considerable number of armed personnel as security guards etc. of politicians at state expense, was a feature of the period under consideration, which requires to be dismantled immediately. Persons selected by the politicians were given the rank and emoluments of Army Personnel. They were paid by the Army, armed by the Army, but not controlled by the Army though nominally employed in the Army's function of the protection of society from its enemies. These "soldiers" saw their role rather in the sphere of moving against personal enemies, acting for personal benefit or moving against the opponent of the politicians concerned. The security of public figures should be provided by a special security coordination Division of the Police. Officers attached to this division should be subjected to the command and supervision of superior officers in the service and be subject to periodical transfer.

(ix) **A Police Lay-Visitors' Panel each Police Area**

It is necessary to re-establish community-based forces and procedures to which the citizens can turn when faced with the possible misuse of police powers i.e. State power. **Such community-based structures have an invaluable part to play in the areas both of monitoring and of preventing the misuse of powers.**

To serve this function we recommend a Panel of Lay-Visitors from each Police Station area, with powers to speak to detainees, to check conditions of detention, to check records of police station in respect of detention, to liaise in the presentation of complaints to the police station, to liaise with the SSP/DIG of the area, to accompany to the police station when requested to do so, to make **complaints themselves** in a representative capacity, inclusive of impending problems, **the coordination at local level with the Human Rights Commission could be an aspect of their work with importance for the restoration of Law and Order nationally.**

(x) **A Citizents' Advisory Bureau :**

A System of Citizens Advisory Bureaus located in the vicinity of every Divisional Secretariat would be a valuable aid to the whole community for advice on various matters. In the context of disappearances specifically such a system is required for the assistance of bereaved persons on where to go and what to do to obtain the requisite assistance.[15]

15 Once the Commission had won the petitioners trust they sought our assistance, intervention and advice on a variety of problems involving dealings with the Bureaucracy (the administration)

(xi) **Dissemination of the Reports of the Disappearances Commissions :**

Wide publicity should be given to all the Reports of the Commissions of Inquiry into Disappearances, with their contents translated into Sinhala and Tamil. There has already been a delay in publishing the earlier Reports in Sinhala and Tamil. The absence of an adequate number of copies of these Reports and the absence of translations in Sinhala and Tamil defeat the purpose of appointing fact finding Commissions. The people of the Country must have access to the findings of these Commissions. **These Reports form the nucleus of a Historical Memory of this era in Sri Lanka.** The translations should be made available to all school libraries and reading rooms in Community Centres, islandwide, at State Cost. The need to create a culture of respect for Human Rights requires that text books on both History and Social Studies should include the findings of these Commissions.

(xii) **The Manifestation of the requisite Political will**

The **three Commissions on Disappearances** appointed in November 1994 and the appointment of this Commission in June 1998 with islandwide jurisdiction, was an important manifestation of the Political will to come to grips with the problems which the Commissions have found to exist and the **provision of the necessary infrastructure to enable the four Commissions between them to give attention to every single petitioner** to them, evidenced the continuity of this intention.

This Country's immediate past history of non-prosecution of abuses of human rights despite the criminal nature of such acts under the law of that time, makes clear that the several prosecutions that have now commenced would not have been possible without the political will that the principle of accountability should prevail in respect of human rights abuses. That these prosecutions are taking place irrespective of the date of abuse, and in a period of a confrontation with an armed group, is a uniquely encouraging manifestation of the requisite political will, which must continue to be re-inforced.

The establishment, concurrently, of a **Human Rights Commission** by legislative enactment addresses the need for a structure with power to monitor situations of possible abuse in the present and in the future-

"For the purpose of discharging its functions the Commission many exercise any or all of the following powers :—

(a) investigate, any infringement or imminent infringement of fundamental rights in accordance with the succeeding provisions of this Act ;

(b) appoint such number of sub-committees at Provincial level, as it considers necessary to exercise such powers of the Commission as may be delegated to them, by the Commission, under this Act ;

(c) intervene in any proceedings relating to the infringement or imminent infringement of fundamental rights, pending before any court, with the permission of such court ;

(d) monitor the welfare of persons detained either by a judicial order or otherwise, by regular inspection of their places of detention, and to make such recommendations as may be necessary for improving their conditions of detention" ;

The fact that this enactment was passed by Parliament without division is a good augury for the future, as is the appointment of Commissioners who between them, represent all ethnic, religious and cultural diversities of Sri Lanka.

The vigorous enlistment of civil society which is envisaged by the provisions in the enabling Act for the use of Mediators by the Human Rights Commission for the resolution of disputes, is an indicator of the political will, that civil society should be a co-partner with the State in the restoration of normalcy to our beleaguered land.

CHAPTER VI

RECOMMENDATIONS ON RELIEF TO AFFECTED PERSONS

THIS Commission is mandated to recommend relief in respect of –

(a) Parents,
(b) Spouses, and
(c) Dependants

of the disappeared person [1].

We are thus empowered to **acknowledge the customary "Extended Family System"** of Sri Lanka. This accords with the obligations under international customary law requiring attention to be given to the customs of the country in the ascertainment of who are the successors of a particular victim.[2]

We **endorse the extensive recommendations on relief made by the three earlier Presidential Commissions on Inquiry.** (An updated compendium of these recommendations follow.)

Over and above those recommendations we bring to your notice the following areas requiring attention and urgent implementation.

We **recommend a TRUST** for the rehabilitation of persons affected by disappearances be set up under a Board of Trustees comprised of persons who have contributed in the field of human rights. The Inland Revenue Law should be amended so as to remove the ceiling on contributions to charity which qualify for tax exemption in respect of contributions to this Trust, so that the costomary practice among our people of donationg alms in memory of the departed may be tapped, and a national culture created considering those affected by this national calamity in terms of kinship. Additionally the international community including non-governmental organizations, should be invited to contribute to the various projects formulated under the Trust, such as gender-based vocational training schemes designed to benefit female-headed families, schemes of foster-parenting which feature the fostering of bonds of relationship in addition to financial contributions, and schemes of a similar nature set-up to meet the needs already identified by the Commissions. We recommend that the schemes recommended should benefit victims in all parts of the country and not be restricted to any particular area. The implementation of the relief should be through local structures including non-governmental organizations.

The representative of the Tamil United Liberation Front Dr. Neelan Thiruchelvam M. P. who has since been assassinated by subversives, whilst giving evidence before this Commission asked for the establishment of such a fund, emphasizing its symbolic significance as an urgent national need for which priority should be given for the sake of national reconciliation.

1 Vide paragraph (g) of the Warrant.
2 See Aloebboetoe et al v. Suriname, Inter-American Court of Human Rights series Decision and Judgement No. 15 of September 1993.

We **recommend the construction of a Wall of reconciliation** on which are inscribed the names of all the Disappeared and the Dead, irrespective of whether they are victims of subversive acts or the acts of the security forces. We consider this would be a lasting monement to the efforts of Sri Lanka under the leadership of Your Excellency to reconstruct our society on the basis of principles of democracy and mutual trust. We came across many instances of memorials, which have been set up already in various parts of the country. The *Maaveerar cemeteries* in the North, the Shrine of the Innocents at Sri Jayawardenapura, the Memorial to the Disappeared Students at Embilipitiya, the Memorial to the Disappeared at Raddolugama, are some of these. While they all evidence the emotion unabated to this day on the part of the various sections of the community, a National Monument encompassing All the victims whould be a Lasting Monument with significance both to the living and to the future generations. The Sri lankan State under the leadership of Your Excellency is already engaged in a national acknowledgement of the wrong done to the disappeared and their families through an extensive system of procedures for the issue of Death Certificates on the basis of disappearerance and the payment of compensation. The fact that the normal administrative machinery of the State is utilized for this, evidences the determination that the acknowledgement of the wrong done should be by the whole of the Sri Lankan community, and that officials of every level of the State administration are made aware of the importance placed by Your Excellency on the gigantic task Sri Lanka is currently engaged in.

A FURTHER COMMITMENT IS REQUIRED FROM ALL THE COMMUNITIES OF SRI LANKA TO PROVIDE THE FINANCIAL WHEREWITHAL to enable the implementation of recommendations of four Commissions, including our own, in respect of the unmet needs of the affected families.Accordingly we recommend that a tax of 2% be collected by budgetary provision on the lines of the Defence Levy. This is required, additionally, to anable a through implementation of the recommendations, to avert the youth of the affected families constituting a powder-keg waiting to be ignited in yet another insurrection.

PROSECUTIONS:-The earlier three Disappearances Commissions have already reported to Your Excellency the importance of initiating prosecutions against those responsible and that it should be **at the highest levels** i ding "not only the minnows but also the sharks."

This Commission must underline the utmost necessity of this, if this exercise of the appointment on commissions of Disappearances is to really contribute to the restoration of the democratic principles of respect for law and order, and mutual trust in relationships, whether between State and citizens or between citizens.

The investigations and prosecutions of Officers responsible for the disappearances of the Embilipitiya students is one instance of prosecution at the requisite level. We adopt the observations of that Special Report which says that Sri Lankan Army is poised to enter the Jaffna Peninsula and that it is all the more reason to ensure discipline in the army.

International Women's Day in the first year of this new century saw the Mother's Front of the Disappeared Persons has been agitating on the urging the President to punish perpetrators of the 88-89 reign of terror, regardless of their social or political status. Such persons are now free and are enjoying their privileges of office and even getting promotion they pointed out, and called for action against such persons without delay.

While our observations above underline the need for prosecutions of the general objective terms of the restoration of law and order in society, the action of the Mothers Front underlines the continuous cry for justice above all other considerations by the families concerned.

We must **emphasise the NEED TO TRAIN MEDIA PERSONNEL** including proprietors to an awareness of the problems of the dependants of the disappeared persons. Proprietors should be encouraged to promulgate this scheme of training. In view of the sharp political divisions which were a feature during the era in which these incidents occurred, it is important that journalists of all media channels be included in this training scheme.

Compendium of Recommendations endorsed by all 4 Disappearances Commissions updated

The following broad areas are identified as necessitating relief measures :–

Categories of Relief Recommended

1. Payment of Monetary Compensation
2. Need to Exempt Compensation from Civil Claims of Seizure
3. A Scholarship Programme for the Children of Affected Families[4]
4. Vocational Training[5]
5. Emotional Rehabilitation[6]
6. Employment, Emoluments (such as Unclaimed Salaries), E. P. F. Gratuity Payments lying to the Credit of Disappeared Persons
7. Release of Monies Lying in Bank Accounts of Disappeared Persons
8. Monies Lying in the W & OP. Fund
9. Recovery of Monies of Life Insurance Policies
10. Employment Related Problems of next of Kin of Disappeared Persons
11. Unauthorised Occupation of State Land-Need to Regularise
12. A Stipend to Maintain mentally or Physically Handicapped Members of Devastated Families
13. Relief in respect of re-payment of Bank loans
14. Relief Measures for Fisher Families
15. Issue of Death Certificates
16. Public Relief Assistance for Extremely Indigent Families
17. Widowed mothers seeking Transfers
18. Relief Through legal Aid Commission and Proposed legal Advisory Services Bureau
19. Employment for Qualified members of Devastated Families
20. Restitution in case of damage to immovable property
21. Relief Measures of cultivators
22. Establishment of a advisory services Bureau
23. Relief to Disappeared State Employees
24. A Proposed Legislative Package
25. Monitoring Committee

4 vide Annex VII – list of complainant's whose children or siblings scholarship have been recommended
5 vide Annex VIII – list of complainant's to whom vocational training is recommended
6 vide Annex IX– list of complainant's to whom counselling is recommended

In the ensuing paragraphs we recommend relief measures based on specific problems faced by members of affected families during the period under consideration which will be referable to one or more of the broad subject headings enumerated above.

1. payment of monetary compensation

Compensation is now being paid to all affected families without reference to and non conditional upon a police report that the loss suffered was as a result of Terrorist act.

The **following shortcomings**, even in regard to the present mode of payment of compensation need to be rechified and instances of continuing discrimination done away with.

Insatances of continuing discrimination.

A departure on the part of some Divisional Secretaries was brought to the notice of this Commission in that they had refused to pay compensation where a report of the Police had indicated that the victim was either "suspected to be a Terrorist" or was "A Terrorist who was wanted by the Police". **We recommend that all Divisional Secretariries be informed that the Basic Compensation must be paid to all affected Families irrespective of any categorisation as Terroist or not.**

Further, in the Paritcular instance **where the disappeared person was an employee in the Public sector** we found that the Ministry of Public Administration circular59/89 (1) based on the Cabinet decision of 22.11.1989 still continues to operate to exclude affected families from eligibility to compensation payments by the Government. In response to this Commission's request for Clarification, the Ministry of Public Administration has stated that compensation referred to in the said circular could be denied only if a Court of law had declared such a person to be a terrorist. We recommend that all Divisional Secretaries be instructed in writin[illegible] this regard. However, this ruling is still morally incorrect in that it amounts to a segregation of certain families of victims as "Terrorist by relationship". We **recommend** that this discrimination should cease to operate, forthwith.

This commission recommends that a finding of a Disappearances Commission be taken as adequate proof in respect of Widows and Orphans pension schemes and other benefits.

Time Related

The scheme of payment though implemented fairly consistently in certain districts, has not being effective in other districts. We recommend that a realistic time frame be fixed with the objective of completing the payment of such compensation. This should apply to all the districts, equitably, as a matter of policy and priority.We have found discrepancies in the operations of this scheme. It should be noted that the overwhelming majority of the disappeared persons families belong to low-income groups. It has also become and established practice in international law that the State takes the

responsibility for the breakdown of law and order in a given situation by compensating affected families.

Fair and Adequate Compensation

We consider that that the payment of fair and adequate compensation is and urgent necessity. This will be a tremendous financial burden on the Government in the present context but it is the appropriate method of acknowledgment of the principle that the entire society should share the responsibility of helping out these affected families.[7]

2. A Scholarship Programme for the Children of affected families

We attach the utmost importance to the initiation of such a scheme and regret that there is no such scheme in operation already. Over 10 years has elapsed since the relevant incidents. A similar scheme is in operation for children of missing soldiers.

3. Vocational and Skills Training

Vocational Traning to the needy members of the affected families is a vital need that requires priority attention. We **recommend a** comprehensive scheme of vocational training be formulated as government policy. Many of these incidents occurred over 10 years ago and the **children are now ten years older.** These families are now female – headed, and these **women heads of Households** are vulnerable to exploitation. lacking the skills required for gainful employments. Upgrading the skills of women as part and parcel of achieving Gender Equality is an issue currently receving attention world-wide. The need identified here is over and above even that generalised prioritisation. The stipulated terms of a recent grant to Unicef by the Netherlands Government for use in programs in the North and East is a good example of attention being rightly paid to this need :-

> "In addition to helping rehabilitate health-care and education, the Netherlands Grant will be used to strengthen ongoing UNICEF assited programmes related to reducing and overcoming the psycho-social stress of Children, protecting orphans and single-parent families protecting widows and children from exploitation."

4. Emotional Rehabilitation

During the course of its inquiries this Commission had to listen to the traumatic and agonising experiences the members of the affected families had to undergo in dealing with the fact of disappearance. Any welfare scheme should take into consideration not only their economic problems but also their emotional rehabilitaion.

---

7 Article 19 of the UN Declaration of the Protection of all persons from Enforced Disappearances provides that, victims of acts of enforced disappearance and their family shall obtain redress and shall have the right to adequate compensation. including the means for as complete a rehabilitation as possible. In the events of the death of the victim as a result of an act of enforced disappearances their dependands shall also be entitled to compensation.

In the recent past Sri Lanka has undergone two insurrections in the South and three Eelam wars in the North, with disastrous consequences on the social psyche of the nation. People take it for granted that our culture is capable of absorbing all these shocks. Culture has its own limits. We saw how emotinally shattered people were when they came before the Commission. These people urgently need emotional help.

We recommend that, the Educational Services and Health Services plan out and put into operation a scheme for the sensitisation of all their personnel to the need to be alert to this aspect; and the setting up of an institution to provide counselling services.[8] We also see the need to mobilise the community at large to be aware of the emotional aspects of this phenomenon and be a participant in the healing of emotional wounds. The media too has an important part to play in this regard. In recognition of the **important role NGOs must take** in formulating schemes to address the needs of emotional rehabilitation of affected persons, we recommend both financial assistance to and the co-ordination of, the efforts of NGOs operating both at national and grass – root levels.[9]

5. Recovery of Monies on Life Insurance Policies

There were serveral instances where the benefits of a life insurance policy was denied on the basis that the policy holder had defaulted the payment of the premium, when in fact the default was due to dissapperance rather than wilful neglect. At other times there was evidence of the person being in unlawful custody at the time the premium fell due, and the disappearance occurred long thereafter. Insurance companies had treated such instances as default and acted accordingly to deny liability. It is **recommended** that where there is evidence of unlawful detention or disapperarance the insurance companies be directed to take congnisance of this fact and not to treat the policy as having lapsed but to give the benefit of the policy to the heirs of the disappeared person.

We also recommend that where findings of a disappearance Commission or a death certificate is issued and where the death or disappearance is prior to due date of premium, the insurance policy be treated as having not lapsed.

6. Unauthorised Occupation of State Land Need to Regularise

As a matter of grave urgency we recommend that those who have already been dispossessed of the lands they had been in occupation directly or indirectly consequent upon the enforced disappearance of their bread winner be given back those or other alternative lands after due inquiry by the Divisional Secretary of the Administrative Division within which the land in question is located. We would like to mention here that, some Divisional Secretaries have already satisfied this compelling need by responding to our request and making arrangements for such families to secure permits or deeds in respect of State lands for their occupation.

8 Training for counselling has commenced under the Ministry of National Integration – Vide Annex L for List of Persons to whom Counselling is Recommended.

9 Such as Youth Organisations, Fishermen's Co-operatives.

7. The Issue of Death Certificates

The Administrative procedures for the issue of death certificates on the basis of disappearances were set up originally by the Registration of Deaths Act, No. 2 of 1995. Certain shortcomings of such procedures were corrected by Act, No. 58 of 1998. Consequently –

applicants who are now not living in their earlier places of residence, such as displaced persons, could apply direct to the Registrar General or the District Registrar of the last place of residence.

the ground for issue of a death certificate is the expiration of one year after disappearance and the belief of the next of kin that he is no longer alive. Section 2 reads as follows:-

> "Where any person is reported missing and presumed to be dead as he has not been heard of for a period exceeding one year by those who would naturally have heard of him had he been alive, a next of kin of such person to be dead may apply in the manner hereinafter provided to register the death of such person"

It should be noted that the applicant has to be a next of kin. The burden thereafter is on the Registrar General to get the others to move to issue the death certificate.

– The Registrar General or the District Registrar has the responsibility of decision. "The application together with the evidence in support of the application and the objections, if any, and the evidence in support of such objections, and after such inquiry as he may deem necessary, if satisfied as to the truth of the matters stated in the application, allow such application."[10]

– Where a Presidential Commission of Inquiry has issued a certificate of a finding of disappearance it empowers the District Registrar to forward the application for a death certificate to the Registrar General and the Registrar General to issue a Certificate of Death without furhter inquiry.

– Independent of the above procedure and as a part of the Civil Law, procedures are available to get the Death Certificate by an order of Court. However, this is a lengthy procedure.

There were cases where the corpus had disappeared or removed from his work place or place of temporary residence. In such cases affidavits from the employer of the corpus or the hostel keeper of the corpus supporting the application for a death certificate would be evidence of disappearance.

The **special problems faced by the displaced persons,** were brought to the notice of this Commission. The Muslims of the North who are living in other parts of the country after displacement in 1990 are a particular instance. There had been several

10 Vide section 7(1) of Act, No. 58 of 1998.

complaints of disapperarances of Muslims in the process of displacement. Such disappearances had occurred either immediately before or during the forced exodus from the North. These Muslims are not in a a position to go to the North to get the relevant certificate from the Grama Sevaka of the area in which the corpus resided prior to disappearance as required by Section 4. Complainants to the earlier three Disappearance Commissions could of course obtain a certificate of the finding of the Commission under Section 9 of the Act and apply direct to the Registrar General for the death certificate. But many who had not complained to such Commission cannot get the benefit of Section 9 Hence there is a need for a suitable amendment to the Act to enable such category of persons to get the Death Certificates from the Divisional Secretaries of the area in which they now live or the Registrar General direct.

Finally, in this context, it is **recommended** that **adequate publicity be given** to the said Act (with the proposed amendments, if enacted into law) through the Media, Grama Niladharies and display at Post and Sub –Post Offices or other conspicuous places in addition to the setting up of the Citizen Advisory Services Unit recommended earlier. Such a course of action is required to address the problem of the **" illiterate applicants"**. It should be noted that Presidential Commissions are a temporary institution.

8. Advisory Services Bureau

It has been observed by this Commission that many of the complainants did not know anything about the steps they had to take to obtain relief. Many did not even know the need to register the disappearance as a death. In the circumstances this Commission strongly feels the need for the establishment of an Advisory Services Bureau with a branch in every Divisional Secretary' s office to advise the people in general and the families of disappeared persons in particular, of the procedures they have to follow to get relief or such other redress from state agencies. Such a Citizens Advisory Bureau was set up in London in 1939 to assist the families of the soldiers who have been in the war front of the Second World War. This Bureau assisted the citizens in matters of Social Security, debt, consumer credit, employment, housing, legal, relationships, tax immigration, asylum and others. The whole concept behind the Bureau was to **give free unbiased quality advise to its clients and improve their awareness of social needs.** It is **recommended** that the Advisory Bureau suggested by this Commission be based on these lines.

The Divisional Secretary has the responsibility of helping the affected persons in his Division. He therefore occupies a key position in identifying the affected persons in need of the services of the Advisory Bureau. Therefore we recommend that the Divisional Secretary be entursted the responsibility of identifying and reporting to the Ministry of Public Administratrion and the Ministry of Rehabilitation the steps taken by way of reference to the existing schemes of vocational training operated by relevant Ministry or NGO. The Divisional Secretrary should also report back to the President for the attention of the Inter Ministerial Committee on Implementation of Reports of Disappearance Commissions.

9. Relief to disappeared State Employees

Circulars issued by the Ministry of Public Administration and Ministry of Relief and Reconstruction between 1985 and 1990 deal with matters pertaining to relief to disappeared State employees. Briefly where the a dissapeared is a State or semi State employee, either casual, temporary or permanent, the next of kin is entitled to compensation up to Rs. 150,000/= and salary he would have drawn if he was alive, until the age of 55 Years.[11]

There had been a few instances of employees of State Banks disappearing. The Banks took up the position that public Adminstration Circulars regarding payment of compensation to disappeared State officer's do not apply to Bank Employees. They stated that by circular No. EA 02/ TC/ CT/ 01 of 21. 04. 1992 the secretary to the Treasury has exempted the Bank of Ceylon and the Peoples Bank from the application of the provisions of part II of the Finance Act No: 38 of 1971, Public Adminstration and Treasury Circulars. This has been conveyed to this Commission by a letter issued by the Bank of Ceylon on 04. 01. 1999. On bringing this to the notice of the Public Administration Ministry and seeking confirmation the Director of Establishment of the Public Administration Ministry has notified this Commission by his letter No. 1/IV/ 2/3/9 (12) 1 of 04. 05. 1999 that Public administration Advisory Circulars are applicable to bank employees as well. thus it could be seen that there is some confusion on the entitlements of the next of kin of bank employees.

Another matter that has been given different interpretations is the status of the employee in the State or semi State Service. There had been instances where compensation had been denied either because the corpus was a casual employee or because such person was an employee of a semi Government body such as a co-operative society or State Plantation. This Commission had to write to such institutions together with the relevant circulars to enable the families to get redress.

10. Monitoring committtee

A Committeee has been affonted to monitor the progress of follow up action taken on the basis of recommendations of Disappearances Commission.

We must emphasise the imperative need to address the problems faced by members of the affected families. Even when there is a national calamity such as floods or some similar occurrence the State steps in to repair the loss suffered by the victims. It is with the awareness that there people should not be forgotten merely as victims of an unfortunate period that we have made the foregoing recommendations. **The fact that these recommendations are acted upon as part of a reparation package to those affected families will help in the process of national healing and reconciliation.**

11 Vide Annex XIV(a) & (b) on Public Administration Circular and Problems.

FINAL REPORT

OF THE

PRESIDENTIAL COMMISSION ON DISAPPEARANCES

PART – II

SPECIAL ISSUES

CHAPTER VII

ALLEGED DISAPPEARANCES NOT WITHIN MANDATE

ALLEGED incidents of Disappearance brought to this commission's notice which, however, we are not empowered to inquire into, amounts to over 16, 305

This commission's mandate empowers inquiry in resepect of –

> " the allegations .... made to the Commissions of Inquiry appointed .... in January 25, 1995 .. being allegations in respect of which no investigations have commenced.."

In terms of our mandate, 10136 complanits were handed to this Commission by the Presidential Secretariat as those in respect of which " no investigations have commenced" by the earlier three Commissions.

However while this Commission was functioning, persons who had not complained to the earlier Commissions started sending in their complaints to this Commission. This commission has received a total of 205 such individual complaints from the North East and 152 such complaint from the South. The Evidence of Serveral NGO's,[2] political parties and other organisations was to the effect that there is a total of 16,305 persons who have allegedly not reported to any Commission so far in respect of disappearances which have occurred after 1988.[3] Justice and equity require that attention be paid to inquire into these complaints too.

It appears that these complainants from remote areas of Sri Lanka, did not know at the relevant time that Commissions of inquiry into Disappearance had been appointed. Communication Difficulties, fear, ignorance, displacement, are chief among the causative factors. When the three Commissions of Inquiry into Disappearances were appointed in 1995, the facilities for transport to and communications with the North were limited and erratic. In respect of the many complaints from the East allegedly not reported to any commission, the Peace Committee of Batticaloa stated that at that time the people were afraid to complain against those they thought were responsible, as the authorities. concerned were still on control of those areas. This Organisation made a contemporaneous record of the dissappearances in the Batticaloa District in contrast to the NGO's in the Jaffna District which became active only after Governement took control of the area.

It is very unsatisfactory that as at present there is no procedure whereby these alleged disappearances could get into any official records. Moreover, it would be a denial of these perons' Right to be heard while others had been inqiured into, and would be against the spirit in which the Commissions were established.

---

1 It would be noted that we had not called for compaints. Therefore it is an indication that there are many others yet to complain.

2 Vide Annex X for list of NGO's which gave Evidence.

3 Vide Annex XI for particulars of alleged disappearances yet to be inqured into.

Above all, the **provision of a forum to these affected perons is an obligation under international Law.**

Presidential Commissions of Inquiry are only *ad hoc* arrangements. **Accordingly we recommed that the Human Rights Commission Act be amended to enable it to inquire into these complaints or any subsequent instances of this nature brought to their notice.**

It is recommended that the Government should in the meantime avail the services of the Divisional Secretraries to check with the help of the Grama Niladaris whether the whereabouts of such persons are still not known even to those in their own villages.

CHAPTER VIII

DISAPPEARANCES FROM THE JAFFNA DISTRICT

Complaints before the Commission

AMONGST the 10,136 complaints left uninquired by the three previous Presidential Commissions on Disappearances, there were 442 complainst in respect of disappearances of persons residing in the Jaffna District. After the elimination of duplicates, the actual number of allegedly missing persons is 373. Of these, 369 fell within the mandated period of this Commission.

A perusal of the data shows that even though Commissions were appointed in 1995, and continued inquiries till September, 1997, complaints in respect of incidents in 1995, and 1996 had not been received by North-Eastern Commission (except one which was forwarded by the Government Agent, Jaffna).

A classification on the basis of the year in which the alleged incidents took place in the Northern Province is given below :–

Year	*Total No. of Disappearances Handed for Inquiry by This Commission*	*Nearest per cent*
1987	04	1.1
1988	26	7.0
1989	22	5.9
1990	172	46.1
1991	57	15.3
1992	29	7.8
1993	36	9.6
1994	26	7.0
1995	-	-
1996	01	0.2
Total	373	

It could be seen that 46% of the incidents had been in 1990 when 172 are alleged to have disappeared. There are no reported incidents of removals or disappearances in 1995. On the departure of the Indian Peace keeping Force in the middle of 1990 Jaffna Peninsula was under the control of the LTTE up to the middle of 1995.[1] Government Forces took control of Jaffna thereafter. However, during the period after June 1990 to about the beginning of 1997, transport and communication between Jaffna and the rest of the country were erratic and continued to be poor.

The sittings held by of this Commission in Jaffna in March, 1999 was the first time the Jaffna residents got an opportunity to attend inquiries in person, as the previous Presidential Commission appointed to inquire into disappearances in the North and East did not have sittings in the North.

1 IPKF took over Jaffna under the Indo Lanka Peace Accord of 1987.

This Commission's first task was to find out the present whereabouts of complainants from the North as there have been large-scale displacements of people from the North since 1995. Therefore, before setting out to conduct inquiries in Jaffna, this Commission made attempts to verify the present whereabouts of the complainants. The assistance of the ICRC and the Government Agent, Jaffna were enlisted iln addition to letters being sent out to the complainants to check their whereabouts, Additionally notices were published in the National Newspapers in Tamil, Sinhala and English[2] requesting the complainants to contact this Commission. Radio announcements to the same effect were also made. Prior to the Commission's visit to Jaffna, **144** complainants confirmed their present addresses in Jaffna, while another **38** informed us that they are living in other parts of the country. The whereabouts of the remaining complainants were not known at the time we proceeded to Jaffna to inquire into the **144** complaints.

This Commission had sittings in Jaffna from 14th March, 1999 to 23rd March, 1999. Sittings were held at the Jaffna Secretariat, Kayst Pradesheeya Sabha office and the Point Pedro Pradesheeya Sabaha office ; **87** complaints were inquired into at Jaffna ; **16** at Kayts and **23** at Point Pedro. It should be noted that the Jaffna quiries include **16** cases where complainants turned up at the sittings though not summoned becouse their addresses were not known. There were **16** absentees. Consequently a **total of 136 complaints were inquired into while at Jaffna.**

Data on Complaints Inquired in Jaffna

No. Complainants Summoned :-	144
No. Complainants Absent :- though summoned	16
No. Complainants Cancelled :- (Already heard)	08
No. Complainants Not Relevant :-	2
No. Complainants Not Within Mandate :-	2
No. Complainants present without Summons and inquired :-	16
No. Complainants Inquired :-	136*

(*The desappearances outside the North Province and those inquired else where, not included.)

After the Commission left Jaffna **21** from the the complainants originally summoned have written to us giving their present addresses, these remain to be inquired into.

Before the Commission went to Jaffna, the political parties with Members of Parliament representing the District of Jaffna were summoned before the Commission. They gave evidence on the background to the events in Jaffna which led to the incidents complained of. These witnesses also gave evidence regarding the problems faced by the people there at present.

The evidence of **24** Non-Governmental organisations working in the Jaffna District was recorded by this Commission in Jaffna. [3]

2 For copies of the Newspaper clipping see Annex XII.
3. See List of NGO at Annex X and also separate chapter on Evidence of NGO's and Special Witnesses.

The complaints before this Commission are examples of the changing circumstances in Jaffna over the years. Examples follow – In each of these incidents complainants described the manner in which the disappearances had taken place. They also referred to action taken by them to locate the missing persons and to inform the authorities concerned. This subsequent conduct bears testimony to the truth of their complaints.

(i) Aductions by and Disappearances from Army custody in and around Allipiddy from 25.08.1990 to 23.09.1990

This Commission received 31 complaints of disappearances which took place during the period 25th August, 1990 to 23rd September, 1990 in the areas in the vicinity of Allaipiddy. Of these, 17 were inquired into,

These abductions and disappearances had occurred when the Sri Lanka Army was moving towards Jaffna in 1990 via Mandativu. On hearing of this Army movement several people had taken refuge at the following places in and around Allaipiddy.

(a) Philip Nery's Church, Allaipiddy
(b) Shakthi Vinayagar Kovil, Allaipiddy
(c) Kanapathipillayar Kovil, Mankumban
(d) Mankumban Maha Vidyalayam
(e) Mankumban Mosque

On its march to Mandativu the army had gone to these places of refuge and taken the able bodied amongst those who had taken refuge "to help the army to erect their camps" and "to show the way". While most of those who were taken for this purpose had returned, 25 of those from the Philip Nery's Church and 10 others from the other places had disappeared. This is confirmed by the evidence that was led before this Commission.

Witness stated :

"When the army captured Allaipiddy I was staying at the Philip Nery's Church, Allaipiddy. On the day when the army came to Allaipiddy, people from Mankumban and Chaty moved towards Allaipiddy. They all gathered in the compound of Philip Nery's Church at Allaipiddy. By 10.00 a.m. the Army came near the Church. The Parish Priest and two Brothers welcomed the Army. At that time, the elders of the group were out side and the younger folks were inside the Church; With the help of the Parish priest the Army asked those who were inside the church to come out. When they came out, they separated them into two, divided without rationale, At that time there was a helicopter circling that place. It appeared that helicopter was there to hasten the work. The Officer asked those who were above 35 to get to one side and others to the other side. I went into the group of those who were over 35. Afterwards the soldiers came to the group of over 35 and picked some people and made them to proceed ahead of the Army to show the way to Mandativu from Allaipiddy. Only about four or 5 were left behind and the rest had been taken away. By afternoon some of those who went with the army returned, and they remained at the Church".

"On the following morning some people who were staying in the Mandativu camp were sent to rejoin us. Now about 23 persons are missing from Mandativu".

Witness before the Commission had learned from Returned Detainees who are not before the Commission that the persons taken to custody had been asked to do work such as cutting trees and making bunkers for the army at the Mandativu camp and that at the end 24 of them were missing.

A witness stated

"I know that it was the Gajaba Regiment that took this boy and the others from the Philip Nery's Church. It was the Gajaba Regiment that stayed in Mandativu."

The evidence of other witnesses to the disappearances from the Philip Nery's Church and the other places of refuge in and round Allaipiddy are on the same lines. While there is some discrepancy as to the total number taken into custody from these places, all confirmed that the bulk of them were released later. About 25 of those taken from the Philip Nery's Church and about 10 other taken from the other palces of refuge have disappeared.

Witnesses to these incidents who have testified before this Commission provide credible eyewitness evidence of abduction in each of these cases. Among these witnesses were some who were taken into custody and released, one of them a Grama Niladhari and another a teacher, both taken into custody from the Philip Nery's Church. As in other parts of the country, these Released Detainees are a valuable source of information.

There is evidence that the Gajaba Regiment was involved in the operations in Mandativu, moving into Mandativu in the course of their operations to rescue the army personnel trapped in the Jaffna Fort. These incidents of disappearances had occurred in this context. This Commission's attempts to get the names of the army personnel who participated in the said operation were however unsuccessful.[5]

(ii) Disappearances by Navy

There were 20 complaints to disappearances at the hands of Navy. Six complaints were made by fisher folk from the fishing villages in the outskirts of Jaffna and Point Pedro. **The usual pattern was that the corpus is said to have gone to sea fo fishing and never returned.** Complainants spoke of other fishermen who came ashore stating that Navy boats were seen shooting at sea and they believed that the Navy may have either shot these persons dead or captured them or that the boats had capsized. At that time maritime fishing was limited to a specified distance from the coast.

The remaining **14** complaints of disappearances of persons allegedly at Naval hands have occurred while those persons were **crossing the Kilaly lagoon** which had been declared a prohibited area by a Gazette notification in 1992.

While there is credible evidence in these cases that the disappearances referred to had taken place at the hands of the Navy,[6] the complainants could not give the names of the personnel involved.

[5]Vide Annex XIII for the particulars of the correspondence with the Army Commander on this matter.
[6]Vide leter No. NAHA/SCA/A/602 of 01/06/99 from the Sri Lanka Navy at Annex XIII(a).

The Sri Lanka Navy was on duty in the Northern seas throughout the period under consideration, with its base at Karainagar. This Commission's efforts to obtain the names of the personnel on duty at the time of these incidents was unsuccessful. The Navy has provided the names of the officers in command of the respective naval establishment/detachment in the Northern waters during the relevant period.

(iii) Disappearances at the Hands of the IPKF

With the signing of the Indo-Lanka Accord in 1987 the Indian Peace Keeping Force was in charge of the North and East of Sri Lanka. In seven of the complaints inquired into at Jaffna allegations have been made against IPKF personnel as being responsible for the abductions and disappearances.

There was evidence in some of these cases that the disappeared person had been sighted in **IPKF custody after abduction.** Examples follow :—

On 16.05.88 around 5 a.m. 'X' a 29 year old Grama Niladhari and his father had been taken into custody before witnesses from their home at Vethilaikerny, Mulliyan by about 25 uniformed IPKF soldiers. The father who had been later released related to the Commission how throughout that night the father had heard his son crying in pain. In the morning the son was taken out and was never seen thereafter. Prior to this arrest the LTTE had bombed a van carrying food for the IPKF. This arrest is alleged to be in retaliation.

In another case there was evidence that on 27.10.89 one "A" was abducted by the IPKF in front of his house. His sister went looking for him at the IPKF camp at the Parameshwara College Junction at Tirunelvely. At the camp she had been told that he was in custody. On the following day he had been taken to the IPKF camp at the Ashok Hotel in Jaffna. In November, 1989 the IPKF closed this camp and the man who was in custody had disappeared thereafter.

One M M, a 19 year old tailor was taken into custody along with seven others at a round up by the IPKF on 23.06.88 at Gurunagar. The complainant had spoken to Major General Kalkat at the IPKF camp at the Jaffna Police station on 28.06.88 M M last seen in the IPKF camp has since disappeared.

One N, who used to go from Jaffna to Chavakachcheri on business had set off on 14.08.88 to sell fancy goods at Chavakachcheri but never returned. The complainant had inquired about him from the **IPKF** without success. Complainant preseumes that the IPKF who was responsible for a number of abductions and disappearances are responsible in this case too. He has disappeared since then.

Another complainant stated –

"My 19 year old son who set out from KKS to go to Tellipalai Hospital on 02.01.1990 to get an injection has disappeared. The hospital told me that my son, obtained the injection. I fear that he was taken into custody by IPKF or

some other armed group working with the IPKF. A returned detainee from the IPKF camp at Ariyakulam had seen my son in detention at that camp. I do not know the present whereabouts of this man".

Thus it could be seen that the disappearance at the IPKF hands fall into three categories.

1. The IPKF begin in full control of Jaffna during the period 1987 to 1990 and as they were manning the check points Jaffna, when any person went missing, there was a **common perception that the IPKF had abducted** and detained such person.

2. This category if that of persons who **after being taken into custody in a rounding up by the IPKF** had disappeared thereafter.

3. The third category is disappearances following abduction by an armed group such as the EPRLF which was working in collaboration with the IPKF. While the perpetrator was the Armed Group, the witnesses' perception was that **the hierarchy of power** that led to the arrest/abduction was the power **emanating from the collaboration with the IPKF**. For instance a witness stated :

   "I went to the IPKF camp at the Ashok Hotel in Jaffna where the EPRLF was also there. I did not write to anyone else. In August 1988 there was no Police Station in Jaffna. During that period Sri Lanka Army was also not there. Nor were there any LTTE camps. The EPRLF armed group was functioning at that time side by side with the IPKF. There were several check points. Many persons like my son went missing during that period".

(iv) Disappearances at LTTE hands

This Commission inquired into ten complaints of disappearances at the hands of the LTTE. All these incidents had taken place in 1989, except one that had taken place in the period 1990-1991.

In December 1989 a member of the EPRLF had been detained at the LTTE Camp in Kondavil. The complainant who was the mother of the disappeared person stated –

"The person in-charge of the Kondavil camp stated that my son was in the camp and that he would be questioned and released".

Later the EPRLF had informed her that her son had been killed while in LTTE custody. The EPRLF had given her a calendar with the picture of those EPRLF members who had been killed and her son's picture was also there as one of the martyrs. She said that her son was a member of the EPRLF and that when the IPKF was in Jaffna he was close to them. This incident of disappearance had taken place during the IPKF period.

The remaining nine disappearances at the hands of the LTTE had taken place between January, 1990 to September 1991, a period when the IPKFwas not there and the LTTE was engaged in an armed struggle to be in sole control.[7]

7 This was the period of the LTTE assassinations of elected representatives.

There is evidence that the **LTTE had maintained detention and torture camps in Jaffna.** The public was aware of the existence of these camps. For instance a witness in evidence stated to this Commission:

"LTTE armed youth had taken the persons so abducted to the Kondavil Detention Camp".

There is eye-witness evidence to the disappearance of several persons after detention at the LTTE's Detention Camp at Kondavil. *For Example*:–

A widowed complainant while giving evidence regarding her disppeared husband who was a manager of a co-operative society, stated as follows, " I followed him up to the LTTE Detention Camp at Kandavil. They told me that as my husband had worked for the SLFP, they had to question him. My husband was the SLFP Organizer of ....., the SLFP is a legal Political party. I continued to go to this camp for one year. Then in March, 1992, some armed yourth came in a mini bus and told me that they had given my husband the death penalty."

Another witness stated that his son(now abroad) was an eye-witness to incidents at the Kondavil camp.

In another case, where a person from Chankanai was abducted in September, 1991 at Chankani, the witness to his detention at the LTTE detention camp at Kondavil stated as follows, "We were told at the camp that my father was in custody. That he was being questioned because he participated in SLFP rallies."

The LTTE camp at Kondavil ceased to exist when the Sri Lanka Army captured Jaffna.

Another witness who gave evidence about the LTTE camp at Kondavil spoke as follows of the closure of this camp :–

"My husband and I went to the Kondavil camp on several occasions. We were told that my son would be released after inquiry. The camp was wound up on 30.10.1995. The LTTE force-marched all residents of the area. They were asked to leave within one hour for Kaithady in Thenmaratchy. On 18.04.96 the army advanced to Kaithady and we joined the forced exodus at the LTTE's command."

There is evidence of a LTTE torture camp at Vaddukottai Road, Sitthankerny.

The father of an LSSP youth leader who was abducted in September 1991 gave evidence of yet another LTTE torture chamber in Chankanai.

In another case a witness from Chankanai spoke of the LTTE torture chamber in Anaicottai in 1991.

Another, a father whose son and daughter disappeared after abduction by the LTTE, stated that he was himself abducted and detained at the Anaicottai torture

chamber where he was tortured and questioned whether his children were connected to the EPRLF, PLOTE or TELO Organisation, He added that he was photographed with a board depicting his prison number prior to his release from the Anaicottai camp.

With regard to the recording of complaints of disappearances during that period, witnesses stated that there were **no police stations** functioning in Jaffna, at the time these abductions took place. **The Grama Sevakas** were functioning, but all the witnesses had this to say however.

> "Grama Sevakas did not record complainants against the LTTE, for if they did so, the LTTE would kill them".

Presidential Commissions to inquire into disppearances were appointed in November 1994 and became operative in January, 1995. " When we heard of the appointment of Presidential Commissions to inquire into diappearance we wrote to it on 1st February, 1995." In the instant cases the complainants had heard of the appointment of Presidential Commissions and had compained to it. To what degree others affected knew of this appointment is unclear.

There were two complaints of **Muslims disappearing after abduction and detention by LTTE** in 1990.

> One of the persons had been recruited to the Tamil National Army during the IPKF Period and had surrendered to the LTTE at their detention camp in the Housing Scheme at Gurunagar. He was seen in LTTE custody up to July 1990. The mother who was the complainant said,
>
> "For six months I saw my son in the custody of the LTTE boys. During that time there were propaganda activities at which he was displayed."

In October 1990 the Muslims of Jaffna were forcibly displaced. The Petitioner mother stated that prior to this displacement another son of hers, who used to visit the boy in custody, was abducted by the LTTE and detained at the Kondavil camp. Both had disappeared after the forced exodus of the Muslims from Jaffna. She had complained to the ICRC on 2nd February, 1994 (Complaint No. LKC 409.624). This case provided very vivid evidence of the circumstances prior to the forced eviction of the Muslims from Jaffna. Those who were members of the TNA had been invited by the LTTE to join them and such persons disappeared while under detention by the LTTE.

An LSSP youth leader was abducted by the LTTE in September, 1991.

> When the father sought to lodge a complaint, he was told by the Grama Sevaka to complain to the LTTE's area leader's office in the area Sithankerny The Grama Sevaka himself did not write down the complaint. The father went to the LTTE Headquarters at Kondavil. The LTTE cadres there had said, "Go and report to N. M. Perera."[8] After that the father had complained to the ICRC at

8 Dr. N. M. Perera was the President of the Lanka Sama Samaja Party.

> Rakka Road, Jaffna. The person who attended on him there had not written down his complaint. Instead he had said, "Report to the LTTE Police at the Old Park, Jaffna." The witness said he went to the ICRC because a Citizen's Committee member had advised him to report to the ICRC and to the area leader of the LTTE, as the Sri Lanka Police was not functioning in Jaffna then. This witness spoke of the pressures exerted on him to participate in LTTE activities. He was a well-known LSSPer and a prominent Trade Unionist. In 1991 the LTTE had included his name in the list of speakers at its May Day Rally. This had been done without his knowledge. This witness had not attended this meeting. On 05.07.1991 the LTTE ordered all chief occupants of households to pay Rs. 10,000 each to the organization before 10.08.1991. He said, " I did not pay". The abduction of his son had taken place within a month thereafter.

On 30.05.1991 an undergraduate of the Jaffna University was abducted from the campus. The Vice Chancellor had confirmed this abduction and had stated that an unknown group had abducted some undergraduates. He had said that the University would conduct an inquiry and inform the complainant. But nothing had been heard from the Vice chancellor thereafter. The body of this undergraduate was found on 15.05.1994. The petitioner father stated :–

> "When I opened the door of my house in the morning, I saw the body of my son left infront of my house. At that time anyone who was against the LTTE was punished in that manner. There was no army or police in Jaffna at that time. The LTTE was in full control of Jaffna then and there was nobody else. There were so many bodies lying on the road during those days."

The intolerance of dissent by the LTTE even of peaceful unarmed dissent, is clear.

A witness before the Commission stated as follows:

> "The Army was not moving inside the civilian area and the Sri Lanka Police was also not functioning. There was Lot of Militant Groups which were formed in Jaffna. But in 1991 soon after 2nd Eelam War started in 1990 June 13th all the Militant Groups were totally eliminated and the entire Peninsula was controlled by the L.T.T.E. They have their Military wing and their Police set up and their Intelligence Unit. They had full authority to go house by house searching, taking people, and they had their own Detention Camps.
>
> Then the L.T.T.E. was running the whole administration. They were abducting people, there were a lot of disappearances, they had their torture camps."

One prominent feature of the evidence before this commission is a continuing fear of the LTTE displayed by the witnesses. For instance eye-witnesses to abductions who had contemporaneously informed the relatives of the persons so abducted that the adductors were from the LTTE, professed ignorance of the identity of the adductors when they came before the Presidential Commission in 1999.

Of the 30 disappearances following abduction at the hands of unknown persons inquired into by the Commission, the unwillingness on the part of witnesses to speak of the indentity of the group involved, is in fact an indication of the identity of that Group to be the LTTE.

(v) Disappearances at the Hands of Armed Groups other than the LTTE

The EPDP, the EPRLF, the PLOTE, and the TELO are some of the armed groups other than the LTTE that had been operating in Jaffna at diferent times during the period relevant to this Commission.

Amongst the complaints inquired into in Jaffna were seven disappearances at the hands of armed groups other than the LTTE.

In one of these cases inquired into there is credible material indicating that the armed group that abducted the person concerned was the EPRLF.

> The corpus had gone on 27.10.1989 to visit his sister at Kudamavady, Thirunelvely. The complainant had been told by his sister she identified the abductors to be from the EPRLF when the abduction occurred in front of her house. The complainer had gone to the EPRLF camp at the Parameshwara Junction at Thirunelvely. At this camp she had been told that the corpus was in their custody and she could see him the next day. However on the following day she was informed that he had been taken to the EPRLF camp at the Ashok Hotel in Jaffna. This evidence of the complainant was corroborated by the evidence of her mother who stated that she too went to the Parameshwara camp and was told by one Rosa that her son was in custody in the camp. She repeated the visits to the Ashok Hotel in Jaffna, which was the main camp of the EPRLF, for about 4 or 5 days. On the last occasion when she went there she was asked to come with the identity card of the corpus issued in respect of his membership of a Boat Owners Association and to bring the six persons who had planned to go to India with the corpus. When she went with the card and the witnesses, she had been told that her son was a good person and would be released. However in November, 89 the EPRLF camp at Ashok Hotel was closed down on the departure of the IPKF from Sri Lanka and the corpus never came back.

The remaining six cases were removals by unindentified armed groups in 1989/1990, during the IPKF period.

> In one such case the corpus had been "Abducted by an armed squad at the Puttur Junction."
>
> In another, the corpus "had been abducted from her shop by an armed group".

> In yet another case the witness said as follows about the corpus who was an attendant at the Jaffna Hospital, "On 12.02.1990 he went for work and did not return". It came to light that "he had been abducted from the hospital by an armed group."

The EPRLF was a group that was working along with the IPKF in Jaffna. The evidence before the Commission is that the EPRLF operated freely during that period. Since the LTTE was not operating in Jaffna during this period, an inference may reasonably be drawn that the unknown group which is alleged to be responsible for this disappearance was the EPRLF. Although none of the witnesses in this group of cases, named the EPRLF as the Group responsible for these abductions as there is no evidence that the IPKF did any of their operations incognito it could be inferred in the circumstances that the armed group that was responsible for these abductions and disappearances was the EPRLF.

(vi) Involuntary Disappearances at the hands of Unknown Persons

Amongst the complaints of abductions and disappearances inquired into in the Jaffna District, there were 23 complaints of such incidents at the hands of unknown persons. A perusal of the complaints show that these disappearances had taken place during the period from 1989 to 1992 as could be seen from the chart below :–

1989	04
1990	11
1991	03
1992	05
Total	23

It is apparent that the **largest number of disappearances at the hands of unknown persons had taken place in 1990 which was the period when the IPKF left and the LTTE took over Jaffna.** A Study of the circumstances of these disappearances show that most of them had left their residence to go either to their place of work or elsewhere and never returned. There is no evidence in them either about the exact place at which they had been abducted or by whom they had been taken. **There is no evidence to indicate that the IPKF carried out operations incognito.** So it would be reasonabe to presume that this category of disappearances had been perpetrated by some group other than the IPKF.

The witnesses who came before this Commission to give evidence of these disappearances merely stated that the corpus left home either for work or to go to some place and that nothing was heard of such person thereafter. They had then inquired at the delention camps in the area and had not been able to get any information. It is difficult for one to come to a conclusion as to where, how and by whom there disappearances could have been caused.

Of this group of 23 disappearances referred to, only 18 had taken place within the Jaffna Peninsula. They are as follows :-

Nallur	01
Chavakachcheri	02
Nelliady	01
Jaffna Town	02
Anaipanthy	01
Araly	01
Karampan	02
Maruthankerny	02
Saravanai	01
Kollankaladdy	01
Chunnakam	01
Mallakam	01
Thaieddy	02
Total	18

Among the complaints of this category inquired into at Jaffna, there is one where the complainants had received a telephone message that the corpus had left India by boat to come to Jaffna and that he never arrived. The complainant was the sister of the corpus whose parents are living in Canada.

In another case the corpus living at Maruthankerny had left for work at Elephant Pass which is two miles away from his home. He had never returned home. There had been fighting between the army and the LTTE at that time and the presumption is that he may have got caught in the cross fire.

The remaining 5 of the 23 disappearances of this category were of permanent residents of Jaffna. These disappearances had taken place outside Jaffna though the complainants are still residing in Jaffna and were summoned for inquiry during the Jaffna Sessions.

While the fact of involuntary disappearances in these cases have been established, there is no evidence of the places of incident or the persons who were responsible for these disappearances.

(viii) Complaints of Disappearance of Jaffna Residents in Other Parts of Sri Lanka but Inquired at Jaffna

These cases which **also exemplify the prevalent circumstances** are analysed here, while they are reflected in the statistical data of the District of Disappearance.

Representations were made to this Commission regarding the abduction and subsequent disappearance of the under mentioned persons, all natives of Chavakachcheri, Jaffna, from a private boarding house in Kandy on 13th July 1990 by unidentified persons dressed in Army type uniforms, allegedly Army personnel. A close relative of each of the victims appeared before the Commission and gave evidence.

All these five persons, first year engineering students at the Technical College Kandy, were boarded at a house in Aruppala Road, Kandy with the prior approval of the Principal Technical College.

On 13.07.90 at about 10.30 p. m., three persons dressed in Army type uniform had searched the house with the owner's consent, and asked him whether there were any outsiders. He had replied that there were five boarders and that they were all students. These students were taken for questioning and they had not returned thereafter.

On the following day too at about 10.30 p. m. four persons dressed in black trousers and Army type shirts called as before and identified themselves as Army personnel. Two of them were identified by the occupants as those who came on the previous night. As directed by these two persons all the belongings of the disappeared students including their books, clothing, and 2 gold rings were handed to them. Those persons had stated that the students had been taken to Colombo and would be thereafter handed over to their parents.

The petitioners had managed to file **Habeas Corpus Applications in the Court of Appeal at Colombo** with the assistance of the Bar Association of Sri Lanka in respect of three of the disappeared persons. Wherever possible the parents of the victims had informed persons in authority about these abductions.

Their **evidence reveals the obstacles** they faced –

"We field a Habeas Corpus application in the Court of Appeal. The Bar Association's Human Rights Committee helped us to file the case. The cases were postponed several times up to 1997. After 1997 we have not heard anything. We have received information that these cases have been transferred to the Chief Magistrate' Colombo for hearing. Due to non-availability of transport I could not travel to Colombo, but Mrs. M. went every month by flight in connection with the case of her son R HCA No. 290/94. Mrs. M has given evidence before the Magistrates in respect of her son, I do not know what has happened in my case. This is the first time I have has opportunity to give evidence."

"I wrote to the Presidential Commission on the Involuntary Removal of Persons appointed by President Premadasa. I stayed for one month in S. Lodge at Bambalapitiya Colombo 4 in order to submit papers to that Commission. That Commission by its letter of 15.03.99 stated that as the incident of abduction of my son P had taken place prior to 11.01.91, the Commission is unable to take action in the matter, as it does not come within its terms of reference. I was very frustrated and sad, as the Commission could not look into the matter in 1991. What was the use of appointing a Commission and preventing it looking at an incident which had happened one short year earlier ?"

"My Son and other boys has only recently gone to Kandy. They were freshers at the Technical College. They were happy in their studies and in their place of residence. They told us the place was very peaceful. At that time, President

Premadasa and the L. T. T. E. were having talks in Colombo. In May 1990 as part of the ragging of freshers my son and his friends had been severely ragged. They made no complaint to us, but I heard that some senior students at the Technical College in order to save my son and his friends from further ragging had said that they are Tigers, be careful. There was no significance in such remarks at that time when the L. T. T. E. and the President were having a good relationship. But I do not know whether in July 1990, at a time when those talks had broken down, such remarks were given a sinister interpretation and led to the arrest of my son and others."

"We can tolerate an arrest on suspicion but I must say from the bottom of my heart if they held an impartial inquiry and had inquired from their teachers, neighbours, church, pastors and others who knew them well they could have learnt that my boy and others were not involved in any illegal subversive activities. What I and other mothers find intolerable is the fact that no such inquiry had been made."

CHAPTER IX

DISAPPEARANCES FROM THE EASTERN PROVINCE

This Commission inquired into 49 complaints of disappearances of persons from the Eastern Province. 46 of these incidents had occurred outside the Province. These complete the inquiries into complaints from this Province which had been handed to this Commission for inquiry.

Particulars of complaints from Eastern Province

Disappearance At	*No. Summoned*	*No. Absent*	*No. Inquired*
Anuradapura	9	1	8
Polonnaruwa	19	8	11
Colombo	6	-	6
Kurunegala	1	1	-
Kandy	11	6	5
Batticaloa	3	0	3
Total	49	16	33*

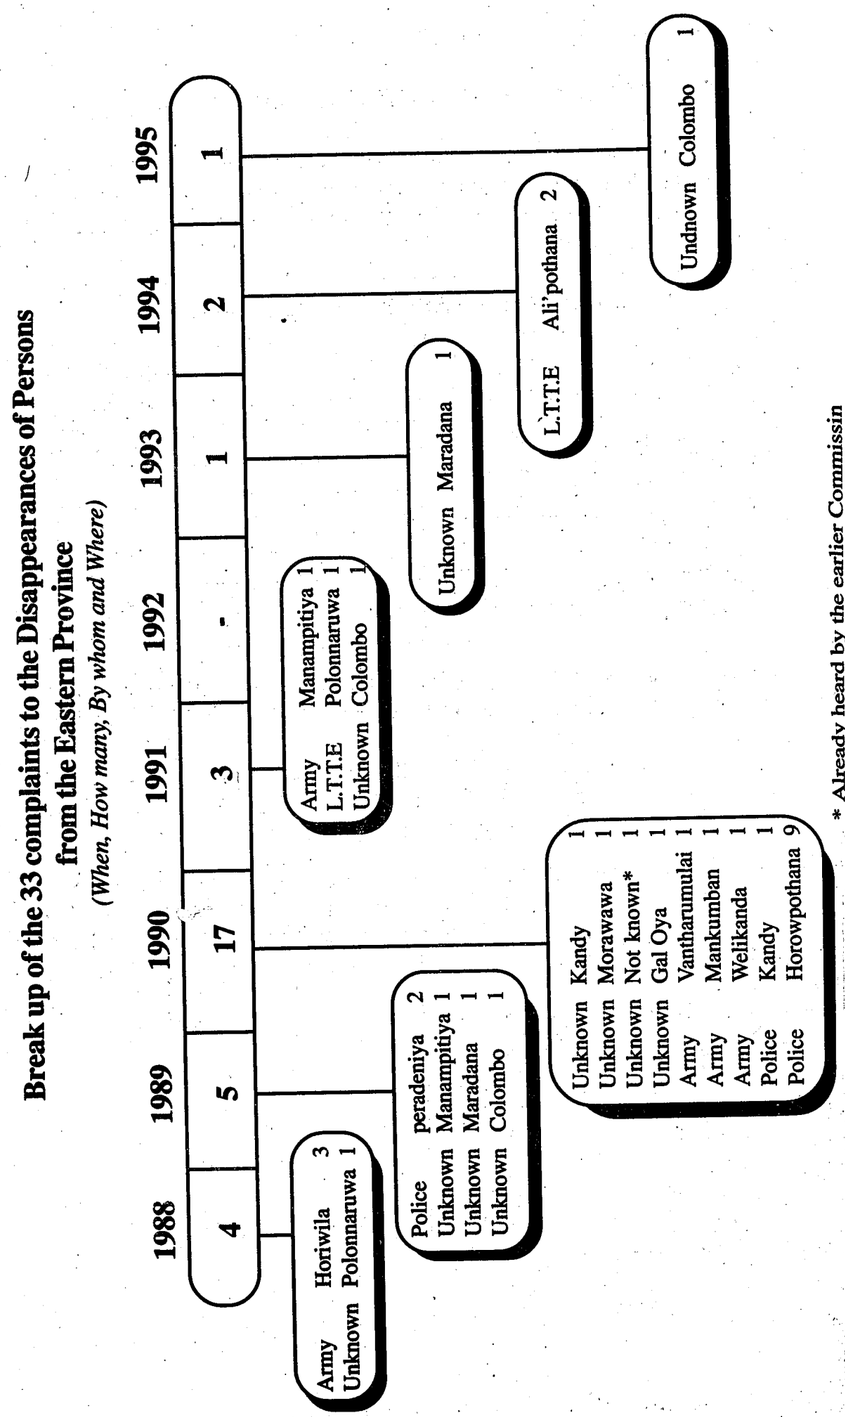
A further analysis of the 33 complaints inquired into show that the number of disappearances in the Eastern Province had reached its peak in 1990 (see chart below.)

CHRONOLOGY OF DISAPPEARANCES
IN THE EASTERN PROVINCE
(Based on the 33 cases inquired into)

Year	*1988*	*1989*	*1990*	*1991*	*1992*	*1993*	*1994*	*1995*	*Total*
No. Disapp.	4	5	17	3	-	1	2	1	33

Month	*No. Disapp.*
June	12
August	2
September	1
October	2
Total	17*

* One of these was already inquired by the earlier Commission.



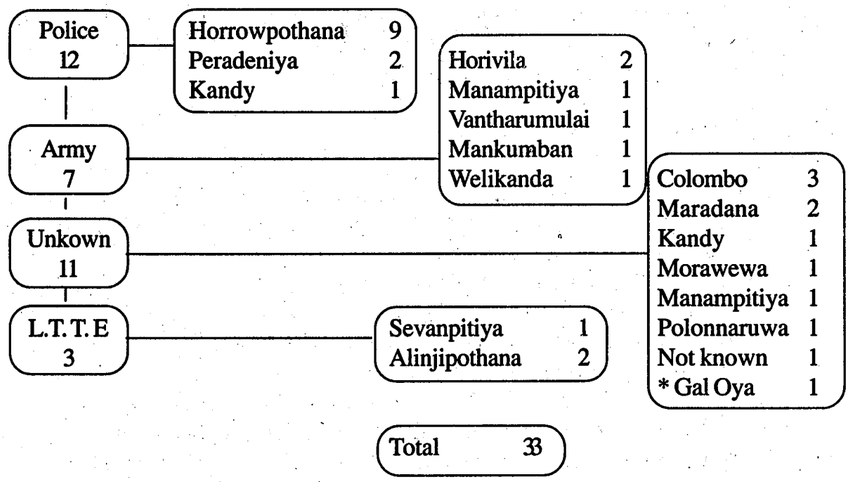
The Government of Sri Lanka and the LTTE had entered into peace talks in 1990. the break down of the talks in June, 1990 was followed by the LTTE attacks on the Police Stations in the Eastern Province, Killing a large number of policemen and aducting 600 who had disappeared since. Twelve of the 17 disappearances during 1990. had taken place in June 1990. From this **the link between the failure of peace the talks between the Government and the LTTE** and these disappearances is evident.

Another feature of the cases inquired into from the Eastern Province was that these disappearances had taken place at check points, of persons detained or of those who had gone for work outside the Province.

A classification of the persons allegedly responsible for the disappearances in this area is set out below:

ALLEGED PERSONS RESPONSIBLE FOR THE DISAPPEARANCES IN THE EASTERN PROVINCE

(of the 33 inquired)



* Already inquired by the earlier Commission

The Citizen's committee of Batticaloa brought to the notice of the Commission a large number of civilians who have disappeared from the Batticaloa District about whom no complaints have been lodged to any Commission yet. The witness added that of the time there had been no institution in Batticaloa to which people could complain except the Citizen's Committee. He said the Citizen's Committee meets the army regularly and was able to trace some missing persons in army custody after which persons were safe from disappearance.

Disappearances at the Hands of the Police

With the departure of the IPKF in June, 1990 the Sri Lankan forces attempted to re-assert its authority in the Eastern Province. Of the thirteen incidents of disappearances which took place in June, 1990, ten had been at Horowpothana. Nine of these complaints were inquired into by this Commission. They occurred at the time of the transition of authority.

Disappearances in June, 1990

The ten disappearances at Horowpothana had occurred in the context of the detention by the Horowpothana Police of persons who were on their way out of this Province in a bus from Trincomalee.

At that time there was a deterioration of the security situation in Trincomalee.

According to one witness.

> " .....there was a fear in Trincomalee that young boys are being taken by the army because on 20th June (1990) three policemen were shot dead by unknown gunmen at Madathady Junction, Trincomalee."

Another witness stated as follows:

> "My brother worked as a Restaurant Supervisor at Nilavely Beach Hotel. My elder brother .... had received a letter through a tourist said to have been written by my brother at Horowpothana Police Station in June 1990. It states "In Trinco problems started. Day after day it increased. I thought it will be over in a day or two but it was going from bad to worse. So I decided to leave Nilaveli Beach Hotel and come to Colombo. I waited for a chance all these days. On 21st all the tourists who were staying at our Hotel planned to leave for Colombo by bus. I too joined them. When we reached Horowpothana we were stopped by the Sri Lanka Army and taken to their custody. After proper checking we were handed over to the Horowpothana Police Station. Since 21st we were all staying at the Police Station. But the tourists were asked to take another bus and they left immediately. For the last 3 days I am at the above station. Life is riskful. I am scared. Please help me Yours, Brother in Christ."
>
> This complainant brother of the restaurant supervisor had contacted the Kotahena Police who had checked with the OIC of the Horowpothana Police who had confirmed the detention of the passengers in the said bus but had stated that they had been released on 29.06. 90 Since the corpus had not reached Colombo, an application for Habeas corpus had been filed in Colombo and the army filed answer in Courts stating that they had handed over the passengers of the bus concerned to the Horowpothana Police.

The family had thereafter contacted the Police Headquarters and had received confirmation that 13 passengers of the bus had in fact been handed over to the

Horowpothana Police. They had also contacted Deputy Inspector General of Police of the Criminal Detention Bureau. This witness further stated as follows :–

> " D. I. G. ..... who was then at C. D. B. Headquarters telephoned Horowpothana Police in my presence and spoke with Acting O. I. C. ... who was reluctant to talk about them and finally told him that all the 13 were released by the Police and they were no longer in the Police Station. The then OIC was Ranjith Lal. He got the names of the persons who were taken by the Police along with his brother from the Police records through a Police friend ..... The OIC had told a friend of mine to inform me not to waste time in search of my brother. I realised my brother is no longer living. I learnt that the Manager of the Nilaveli Beach Hotel had advised my bother not to leave (for Colombo) on 21. 06. 90 as the situation was not good."

The DIG gave evidence before this Commission and confirmed the evidence of these witnesses in respect of the persons taken into custody from the bus who had disappeared after being handed over to the Horowpothana Police. He stated that the foreign tourists had been in the bus and that they were allowed to proceed to Colombo. This Commission's attempts to get the addresses of these tourists who travelled in that bus from the Nilaveli Beach Hotel was unsuccessful.

> "Another eye-witness confirmed this incident of detention by the Police. He added that there had been a news item in the "Thinapathy" (a Tamil Newspaper,) of 25. 06. 90 that " 11 tigers" had been taken into custody by the Horowpothana Police while two had been killed."

This Commission's attempts to get the Information Books of the Horowpothana Police received a response form the OIC of the Horowpothana Police who stated that the Information Books, Telephone Registers, Duty Rosters, Prisoner's Detained Register, Officers Visiting Book and list of persons detained under Detention Order had been destroyed by him. The destruction of these documents is a contravention of the specific directions the Inspector General of Police had conveyed by Circular No. 1187/95 of 24th February, 1995, that such books covering the period form 1st January, 1988 be preserved as the Presidential Commission on Disappearances would require them.[1]

Other Disappearances at the Hands of the Police

Disappearances of 2 other persons form Batticaloa had taken place in Kandy allegedly by the Katugastota Police.

---

1 The Circular states
"...the Presidential Commision of Inquiry into Involuntary Removals and Disappearances of Perosns... would require relevant information Books, Telephone Registers, Prisoners' Detention Registers and other documents connected with arrest, detention etc. of persons covering the period 01.01.1988 to date be preserved as the Commission would require these documents for the purpose of investigations.

You are therefore hereby directed to suspend the laid down procedures of destroying the above mentioned documents after the lapse of specified period of time and preserve them until the Commissions have completed their tasks" (Vide Annex XIV for the circular of the IGP).

These persons who had a radio repair shop at Thalankudah, Batticaloa has to close the shop and leave Batticaloa for Kandy as they were harassed by PLOTE which demanded arms form them. The complainant had received information that seven persons form Batticaloa had been arrested at Katugastota on 03.12.89 and detained at the Peradeniya Police Station.

On 7 or 08.12.89 one 'X' a relation living at Mahiladitivu told me that 7 people form Batticaloa were arrested at Katugastota on 03.12.1989. He said he was in Katugastota on 03.12.1989 and that he saw the police arrest these 7 perople. He identified my 2 sons among these these 7.1 cannot produce 'X' because he sold the property and emigrated to India in 1992. I went to Katugastota and met 'Y' a person known to me. He is a vehicle dealer. His shop was at Madawala near the Mosque there. 'Y' told me he had spoken with my sons while they were in custody at Peradeniya Police Station. 'Y' is unwilling to give evidence before the Commission.

On learning form a relation in Kandy that the two sons were seen in custody at the Peradeniya Police, the complainant went to see them there but he had been chased away. He had not heard about his sons thereafter. He presumes that they had disappeared at the hands of the Katugastota Police.

Disappearances Allegedly by the Army

There were eight complaints of disappearances of persons form the Batticaloa District during the relevant period, allegedly at the hands of the army. All these disappearances had taken place outside the Province.

On 08.03.1988 three persons who were working in a paddy field near Millanai were taken away in a truck by armed persons to the Minneriya Army Camp. When the mother went to the Minneriya Camp she had been allowed to speak to them and give them food and clothing while they were in custody. On 17.05.1988 when a mother of one of the three in custody went to the Camp she was told that the three had been released. She had then gone to the Dimbulagala Camp and contacted a Buddhist Priest who telephoned the Minneriya Army Camp. The priest had told her that one of the three was be released that day while the other would remain in coustody. At about 7 p. m. that day Muniyandi who was one of the three, had returned to the village and informed that he was taken to Colombo along with the other two but only he was brought back. Muniyandi died later of natural causes and the other two never returned.

The other case of disappearance allegedly at the hands of the army had taken place on 13.10.1999, at Welikanda and at Vantharumulai.

The corpus in the Welikanda case was a Sub-Postmistress who had been abducted while she was taking the mail to the main Post Office at Welikanda. The complainant stated as follows.

*Name supplied by witness withheld

"My sister (the corpus) has been working as Sub-Postmistress at Vadamunai, Welikanda. On 13.10.1990 she took mail form Vadamunai Sub-Post Office to Welikanda main Post Office. After handing over the mail, on her return to the Sub-Post Office, she was abducted by two armed men alleged to be army personnel at about 12.00 noon and was taken towards Welikanda. This information was passed to me by one 'X'* who knew my sister. Along with him I went to my sister's place and thereafter went to Welikanda army camp to find out the whereabouts of my sister. The army camp personnel denied any knowledge of her arrest. Thereafter I complained to the Grama Seveka of Uduchena and the I. C. R. C. and later. I sent a petition to Her Excellency the President."

The Vantharamulai incident is one of the instances of a group of diappearances form the Eastern University Camp situated there. This incident had taken place after the IPKF left in June, 1990 and the army had taken over control.

Following a round up by the army at the Refugee Camp situated at the Eastern University at Vantharamulai on 05.09.1990 allegedly about 150 persons including the corpus had been taken for questioning by the army. 32 had been released subsequently but the corpus was not among them. The witness produced to the Commission a copy of letter issued by the Secretary/Defence Ministry bearing reference No. SMOD/129 of 17th October, 1990 which states that only 32 persons had been taken into custody at the said round up and they have all been released. The corpus in this case has not returned thereafter. Several disappearances allegedly at this round up have been the subject of inquiry by the Commission on Disappearances in the North and East[2].

Disappearances of persons from the Eastern Province where the Category of Abductors are unknown

This Commission inquired into 10 compiaints in respect of persons form the Eastern Province who have disappeared at the hands of unknown persons during the period relevant to the Commission. Most of these persons had either gone missing on their way out of the Eastern Province or form their temporary residences outside the Eastern Province. These disappearances are depicted in the chart below in the chronoligical sequence.

Classification by the Year of Occurrence

Year	*No. Disapp*	*Alleged Place of Disappearances*	
1988	1	Polonnaruwa	(Sevanapitiya)
1989	1	Colombo	(Maradana)
	1	Polonnaruwa	(Marampitiya)
1990	1	Colombo	(Wellawatte)
	1	Kandy	(Town)
	1	Trincomalee	(Morawewa)
	1	Not Known [3]	
1991	1	Colombo	(Ginthupitiya)
1993	1	Colombo	(Kotahena)
1995	1	Colombo	(Grand Pass)

Name supplied by witness withheld

Already inquired by the earlier Commission

Areawise Classification

Colombo	5
Polonnaruwa	2
Kandy	1
Trincomalee	1
Unknown	1
Total	10

The failure of the peace talks between the Government of Sri Lanka and LTTE appears to be linked to the incidents of disappearance of 1990 as the highest number of disappearances at the hands of unknown persons have occurred during that year. This was apparent in respect of other complaints form the Eastern Province inquired into by this Commission.[4]

In one of the four incidents in 1990 the corpus was a Tamil Reserve Police Constable form the Eastern Province attached to the Morawewa Police Station. At the inquiry the complainant mother stated as follows :

> " In August, 1990 he was transferred to Morawewa Police Station. After 16th August 1990 I did not receive any information from him. Because of the troubled situation at that time nobody went to Morawewa. The OIC of Morawewa Police informed me, my son had resigned from the Police Service in August itself. I did not go to Morawewa as there would be a threat to my life. On 15.05.1991 my husband and I made a complaint to the Tricomalee Police about my son's disappearance."

The Police Report on this disappearance indicates that this corpus had been interdicted in August 90, and had been dropped off at Anuradhapura Bus Station at his request as there was no transport available. The DIG has also, in his report stated that the Officer - in - Charge of the Morawewa Police had reported to him that there is reliable evidence that this officer was working in collaboration with Tamil Terrorists.

A case of the abduction of a Railway Guard attached to the Batticaloa Railway Station had occurred at the Gal Oya Railway Station. The Complainant in this case stated as follows :–

> " On or about 20th June 1990 on a request by the Gal Oya Railway Station Master, my son and 3 other Railway Guards went on duty in the train which took pilgrims to Gal Oya. They stayed the night at the Gal Oya Railway Quarters. That night an armed group entered the premises and abducted my son and the other Guards. This information was conveyed to me by the Batticaloa Station Master. Thereafter, I made inquiries and I could not trace the whereabouts of my son".

[4] Vide Chart at the beginning of this Chapter

Three other Railway Guards were abducted at the same incident.[5] **These incidents had occurred at the time the talks between the Government and the LTTE failed and the LTTE abducted nearly 600 policemen in the Eastern Province. These policemen have since disappeared.**

A further incident of disappearance of this category had taken place in Kandy at October, 1990. The complainant's father stated that his son who was a member of PLOTE, was harassed by the for, EPRLF. Fearing for his son's safety he dispatched his son to a " Sinhala Home" in Kandy. He had visited his son at that home about four times and his son was well and safe. On October, 1990 when he visited him for the fourth time he was told that ten days prior to that visit, his son had gone out and not returned. Complainant's Son remains disappeared.

The other disappearance at unknown hands in 1988 had taken as follows :–

> " On 17.01.1988 in the morning my son left home by bus to Polonnaruwa for work. After four or five days I went in search of my son with a relation of mine. I made several inquiries there and I could not get any information about him."

Nothing was heard to him thereafter.

Similarly the case of disappearance at unknown hands had occurred in 1989 as follows :

> "The corpus was employed at the German Technical Institute, Moratuwa as a Demonstrator and was residing at Ameer Lodge, Maradana Road, Colombo. At the time, I received information that on or about 7th of November, (1989) he was abducted along with 5 others residing in that lodge. The arresting party had come in plain clothes and were suspected to be from the Wattala Police. ..... My son who was a mechanic, usually visits me twice a month. Batticaloa was his permanent residence, but after 7th November, 89, I did not see him. Nor did I hear from him... I know my son was the vice President of the Workers Union, CTB, Batticaloa. He was working at CTB till 1988. I received a letter from German Technical Institute serving my son a notice of vacation of post."

The 2 abductions that took place in the Polonnaruwa District are instances of persons leaving the Eastern Province and disappearing out side the Province.

The evidence in one such case is as follows :–

> "My husband ..... had contested the Provincial Council Elections in 1988 as an EPRLF candidate. He had a shop selling clocks and repairing. After the election my husband was having occasional troubles with the LTTE. On 25.12.1989 my husband was travelling in a bus from Tricomalee to meet me where I was staying with my brother. On the next day two persons[6] ..... who were travelling with my husband to Trincomaleee came to me and informed that my husband was taken by an unknown armed group at Manampitiya. Thereafter I made a search and his whereabouts are not Known."

[5] The complaints in respect a those three had been inquired into by the Disappearances Commission for the Central Zone.
[6] These witness wer not before this Commission.
H 8941

In the other case the evidence of the complainant is as follows :–

" My son Prabakaran went to Colombo and got employed at the Ticket Center at the Ginthupitiya Murugan Theatre. I heard that on 27.09.1991 at about 5.00 p. m., four persons in civil dress came to this work place and abducted my son. This information was given to me by a relative of mine from Colombo. Thereafter I went to Colombo. I made inquiries from the theatre manager and the information, I received was that my son was taken away with the undertaking to return him the following day. My son did not return. A Sinhalese person took me to the Detention Camp, but my son was not found there."

The explotation of the security situation for purposes of private revenge is illustrated by a case of disappearance in 1993. The Complainant stated as follows :–

" My husband, my child and I were staying at the Paris Lodge at 31, Sangamitta Mawatha, Colombo - 13. On the 16th December, 1993 at about 9.00 p. m. when we were in the Lodge four persons came in civils, and had inquired about my husband from the people downstairs. Two of them came up with the boy and called my husband and took him downstairs. I also followed them with my child. The van was parked in front of the Lodge. It was a white colored van bearing no 50 Sri 6078., When I went near the van with the child we were asked to go and they took my husband away.

Q. Did the people who came identify themselves as from the C. I. D. ?

A. They did this by word of mouth and did not show any identity card.

When they took him they told me they will releases my husband after inquiries. He was not sent back that day or the day after. The following day i. e. 17.12.1993 I went to Kotahena Polices to lodge a complaint. The policemen did not write my complaint and told me to wait for a day as he would be released. My husband told that boy why he was trying to pay the money to this man when he was finishing it difficulty to get cash the money he had paid. My husband has given Rs. 25,000 to the Agent to find and an employment abroad. I asked for the money but I did not get it back. As the Agent was not finding employment for my husband, as a last resort my husband asked the Agent to return his money. On the 15th I went to the Agent along with my husband. When my husband asked for the money there was an argument with the Agent. When we went to the Agent's office there was a Jaffna boy who had come to pay money to the agent this man when he was finding it difficult to get back the money he had paid. The Manager of the Agency heard this and scolded my husband saying he was trying to break their business. Actually this incident took place on a day before the 15th On the 15th the Agent asked us to come the following day to collect the money. On the 16th the Agent came to the Lodge and said the money will be paid the following day. But that night my husband was taken away. I suspect that Agent is having a hand in the disappearance of my husband."

At the inquiry into an incident of disappearance as late as in June 1995 in Colombo the evidence is as follows :–

" My son had been abducted by some persons when he was residing at a lodge in Colombo. He was 22 years of age and went to Colombo in order to go abroad for employment. He was abducted on 01. 06.1995 from the lodge, where he was staying. It was known as Kenwood Lodge, in Stace Road, Grand Pass, Colombo - 14. My son reached Colombo a few days before his abduction. The information about the abduction of my son was conveyed to me the following morning by the owner of the lodge by a telephone message to my neighbour's House. This person said that about 6 persons who came in Civil dress with arms in a white van asked the people in the lodge to switch off the light and lie on the ground. Thereafter they took away my son and another boy from Jaffna, They had shown a Yellow identity card and had stated they would be sent back. The lodge keeper said that he cannot identify the persons who came to take my son away. I do not know where the lodge owner is. He is a man from Jaffna. It is three years after the incident and I have no contact with him."

Disappearances at the Hands of the LTTE of Persons from the Eastern Province

Two incidents of abductions of Muslims in border villages allegedly by the LTTE had taken place during this period at Sevanapitiya and Allingipothana. These are a trader from Kattankudy who went missing from Sevanapitiya and two fishermen who had been abducted from Alligipothana by the LTTE, on 26.08.1991 and on 03.02.1994, respectively.

At the inquiry into the disappearance at Sevanapitiya, Kolakanaveli, in the Polonnaruwa District the son who gave evidence stated as follows :–

" In this area there were Sinhalese, Tamil and Muslim families, Every one knew that the LTTE boys used to come to the village to get money from the people. At the time of the disappearance I was in Colombo.A neighbour informed me that my father was abducted by the "LTTE BOYS" on the night on 26.08.91".

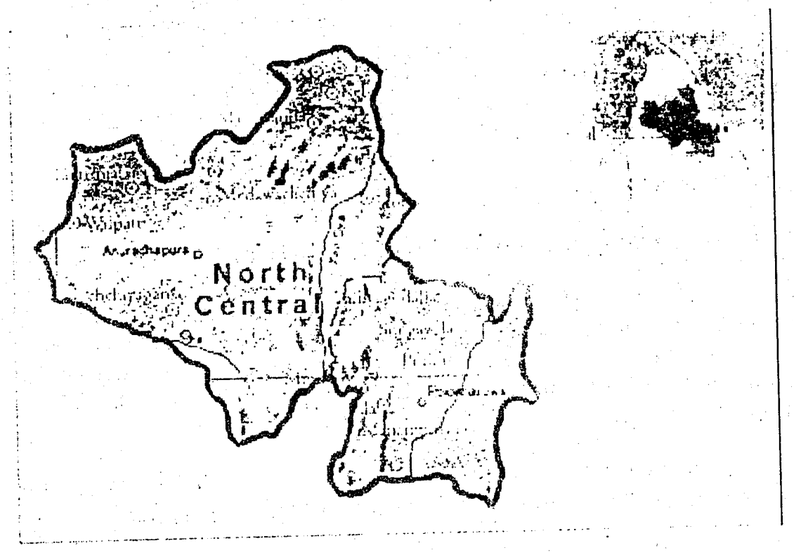
At the inquiry into the disappearance at Allingipothana a border village at the boundary of the Eastern Province and North Central Province the witness stated as follows :–

"The disappeared person is my husband, we were living at Alligipothana. His occupation was fishing in the tank. He used to stay at the fish wadiac, during the days he went fishing. He went fishing with his brother on 03.02.1994. That evening we heard that 4 LTTE caders came and took my husband and his brother away. The information was given to me by another fisherman from the wadiac, who had seen the abduction while he was hiding on top of a tree. Nothing has been heard of my husband and brother since the abduction. On 06.04.1994 we left Allingipothana and went to Athugala. There were about 120 Muslim families at Allingipothana. All of them left the village and went to other areas."

These two incidents exemplify the **LTTE's practice of abducting persons of other communities to instil fear into them so that they may leave the border villages** in the Polonnaruwa District.

CHAPTER X

INCIDENTS OF ABDUCTIONS AND DISAPPEARANCES IN THE BORDER VILLAGES



"We live in the middle of the country, but our areas are described as 'Border Villages' for we are the objects of attack in a contest for control of our area which is not of our making".

Petitioners from war affected areas shown in the sketch above, chorused their sense of being victims of dispute external to themselves over and over again – whether the person lost was a Tamil, Sinhala or Muslim.

They spoke of amicable co-existence, of inter marriages, A woman in a Kandyan saree, the epitome of Sinhala lady, turned out to be the petitioner mother appearing in respect of her disappeared son who in our file has a Tamil name, for her husband was a Tamil; and a woman draping her self in a Muslim attire appeared on behalf of a son whose file has a Sinhala name, for she was married to the brother of the woman in a Kandyan saree.

"සිංහල දෙමළ කියා බේදයක් නෑ. අපි සියළුදෙනා එකට සිටියේ", says and old grand mother now blind and feeble left to bring up a new generation, the orphaned children of our son, abducted by the police and her second son killed by the LTTE.

"Soruvila is a mixed Tamil/Sinhala village. We inter marry. It is conflicts outside our particular world that caused there problems to us" lamented an elderly mother "now there are no men to work in our fields."

Petitioners lamented the arbitrariness of the "Disappearances" (a word petitioners understood well to be a euphemism for "Death".)

A mother speaking of the 1990 abduction by army of her son, one Vedenayagam a petitioner employed at the Mahaweli Project Sinhapura, and her elder sister's son, Dissanayake, on the day after an LTTE attack on the Army Camp, voiced her **feeling of injustice** thus :

"Just because the participants in the attack on the Army Camp were Tamils, it doesn't follow that we villagers who are tamils are LTTEers. On that logic all who are Sinhala should be killed as JVPers."

The refrain of abductions/disappearances in **retaliation for LTTE attacks** on a near by Army Camp was incessant.

"22 including my husband were taken by Army from a 'coming of age ceremony' in our village at Kuda Pokuna in retaliation for previous days LTTE attack on Sinhapura Army Camp –

"There were several such incidents, we suffered repeatedly", the petitioners added

"At the Minneriya Army Camp I was told that the truck which took our 22 persons from the village was caught in a cross-fire between the LTTE and the Army and all the 22 have died – but no soldiers have died."

Describing as similar abductions/disappearances in November 1991, a Tamil cultivator said –

"When there is a LTTE attack on an Army Camp an Army roundup of villagers follow,"

Speaking of an incident late in 1993 said a mother from Manampitiya –

"LTTEers infiltrate our colony area at nights. After an LTTE attack on adjoining Army Camp Tamil speaking villagers are rounded up."

And said a young girl giving evidence of the disappearances following abduction by the Army from the Tank-Bund of her fisherman father in November 1995.

"The Police and Army Killed Tamils then" -

The parallel in her mind between the fish her father trapped and her self as Tamil , was unmistakable.

The misuse of a concept of informer (traitor) to arrogate to oneself the right to destroy a human being, was practised both by the Army and subversive LTTE. This is well illustrated in the evidence of a mother who said :-

> "In July 1991 my cultivator son setout for the Gana Devi Pooja from the harvest. Sinhalese and Tamils participated in the Pooja 6 were taken by the Army from the kovil as LTTE informers.
>
> If they had held a proper inquiry they could have easily realised my son was innocent. In our area there is amity between Sinhalese, Tamils and Muslims. I myself learnt Sinhala from the Dimbulagala Priest."

Another mother, speaking of the loss of her son who had gone to cut firewood as late as November 1994 –

> "The LTTE suspected Muslims as 'Informers' against "Tamils"

And evidencing the never ending trend of such killings another petitioner stated –

> "My husband was taken when he was on his way to the field by the Army after the LTTE killed one Mudiyanse as a 'Police Informer'."

The same sad pattern as elsewhere in the country, of persons **going to sign at the Army Camp** in obedience to conditions of release after an arrest, **but disappearing,** occurred here too.

> "My son went to sign at the Manampitiya, Army Camp, did not return. For 21/2 months he had signed there daily, which was a condition of his release after arrest and 7 days detention there. I went with him on each of these days. He disappeared on the 1st day of these 21/2 months that he went to the Army Camp unaccompanied, six others who were released along with him have also disappeared form time to time on going to the Army Camp to sign as required on various occasions. The Camp says they signed and left but we don't believe them."

Again in 1990,

> "My son a 19 years old student arrested by the Manampitiya Army Camp was released on condition he signs the books at the Camp daily. I accompanied daily. On this particular day I stayed outside the Camp while he went in to sign. He has disappeared. Army said he had signed and left."

There was the **fall-out from the JVP insurrection** too in these areas :-

In 1989 Ananda a bright A/L student and School prefect, was called by name and taken by armed security forces dressed in civils. His mother is in extreme depression still – 10 years later. She described him there words ;

> "He helped everyone."

Several **abductions and disappearances by the LTTE** occuring through out the period were related in evidence.

> "In February 1991 from Kadawatte Maduwa, LTTE abducted my son while he with others was assisting in cultivation in a field near the Maduru Oya. Repeated LTTE attacks on our village – kill, chop up, occupants."

In January 1993, from Namalagama;

> "Several incidents of villagers being killed by the LTTE. Several incidents of abductions for "use as slave labour, and to obtain blood".

Summing up the prevalent situation in the words of a 50 year old Tamil mother of Sevanapitiya –

> **"The Army takes, the LTTE takes, my elder sons were shot and killed by the LTTE at Karapola Village. My younger son was taken by the Army while bathing at the tank. We can only tell the Gods."**

Another mother of Muthupola stated –

> **"We were only women and children left, so we abandoned our village and went into a refugge camp. I am a Sri Lankan Tamil. my husband is a Sri Lankan Tamil. This is our country. The "Tigers" attack us for not giving our youth to them. The Army attacks us when the LTTE attacks them. We are poor – We bear the brunt of it all."**

CHAPTER XI

EVIDENCE OF SPECIAL WITNESSES AND NON- GOVERNMENTAL ORGANIZATIONS ACTIVE IN THE NORTH

POLITICAL Parties representing the people in the North[1], Non-Governmental Organisations active there, and persons active in the field of Human Rights in the relevant period, were summoned as Special Witnesses to place before the Commission any evidence they wished the Commission to take note of on the matters pertaining to the Mandate.

One of the matters that came to light was that **Disappearnces were widely prevalent in Jaffna from the early Seventies.** Many reasons were adduced for such incidents. Some were, to punish persons who opposed those in authority or those who expressed adverse opinions on their conduct. After abduction the corpses of the abducted persons were often exhibited in public to deter persons of opposing groups expressing opinions unfavourable to the group concerned, LTTE or such other group. Presons who were suspected informantion to state agencies allegedly have been abducted and killed.

Every time power changed hands in Jaffna, those who were associated with or sympathisers of the previous regime became in their turn, the victims of murder or disappearnace. This phenomenon commenced with the murder of Mr. A. Duraiyappa soon after the International Tamil Conference in 1974. Almostten years later, in 1983 there had been an influx of Tamils from the South following the riots of 1983. The hands of the Militants were strengthened and disapperances took place both at hands of the State and militant groups during the fight against the insurgents. In 1987 the Indian Peace Keeping Force was placed in control of Jaffna. They were there till 1990. Even during this period there had been reports of disappearances either of persons taken into custody by the IPKF or abducted by unknown persons. Only the EPRLF was allowed to function along with the IPKF.During that period other armed forces and the police ceased operations in Jaffna.

> "After the IPKF left Jaffna in February 1990, until May 1995 the LTTE was in control of the Jaffna District. The LTTE is alleged to have continued the practice of abduction of persons, torture, and often killings, Soon after the 2nd Eelam war started on 13th June 1990 all other Militant Groups were totally eliminated and the entire Peninsula was controlled by the LTTE. The LTTE conducted house-to-house searches and took people away as they liked. They were abducting people, there were a lot of disappearances, and they had their Torture Camps and Detention Camps."
>
> "Anyone connected to other Militant Group, persons having any connections with the IPKF—even those who offered a cake to an IPKF Officer living next door, and persons who were former Police, Army, Navy or Air Force Officers of the Sri Lanka. A catechist of the Catholic Church a member of "Pax Christi" and having no political affiliations but doing counselling for the people, was taken by the LTTE and has disappeared. A woman undergraduate who was a poet and dramatist, who protested at their cult of death and murder was taken by the LTTE and disappeared. A teacher of Tamil Languages with a leftist background who argued against these acts of the LTTE in violation of human rights, was taken by the LTTE and disappeared. These are examples. A lot of similar abductions and disappearnces were taking place during the time."
>
> "People were not allowed to question them, (the LTTE) even the person arrested was not tried in a public court. The whole investigation went on inside their detention camp, nobody knew what had taken place there. Their intellignece chief, one Pottu Amman gave judgments as to how many years of detention and who should be executed. From time to time they would bring prisoners in lots of 5 to 10 to a junction, to be killed in public."

[1] Vide Annex X(a) for the list of Representatives fo Political Parties which gave evidence.

This was the situation prevailing in Jaffna from 1990 to 1995 till the Sri Lanka Army entered the Jaffna Pennisula.

> "There were no Human Rights Groups working openly then – they were not allowed except to do relief work. The only group to document all these to some extent was some ex-University Teachers from the Jaffna Campus, who had been recording human right violations prior to June 1990. The LTTE searched for them when they continued to report the human rights violations in Jaffna during the period under LTTE too, and they had to go underground. They have recorded things to some extent and this is the only documentary proof available."

The tragic irony is the total erasure from the official records of human rights violations by the entity in power; a mirror-image reflected in the Jaffna Peninsula of the situation during this period in the South. So much to that a young and intelligent undergraduate of the Jaffna University could say evidence before the Commission, in all innocence, "No disappearances took place under the LTTE."

It was also stated that, as in the South, the climate of impunity that prevailed was availed of by some to get rid of personal rivals.

The political parties, NGO's and special witnesses stated that no disappearances occurred in the period soon after the Army took over Jaffna in late 1995.

However a sudden spate of disappearance occurred in July 1996 after the killing of General Hammangoda with the attempted assassination of Hon. Nimal Siripala De Silva, who was then the Minister of Housing and Construction. This also coincided with the debacle of the Sri Lankan Forces in Mullaitivu that year.

During the entire period under considertion a large number of NGO's and other persons helped the people in distress in Jaffna, and they were summoned to give evidence before this Commission.[2] Except for one or two organisations, all the others had to stop their activities when the people of Jaffna were forced to leave their homes

[2] Vide Annex X for list of NGO's etc.

before the Riviresa operations in 1995. One organisation that continued to remain in Jaffna was the Juctice and Peace Commission of the Catholic Diocese. This organisation spoke of the cordiality that existed between the people of Jaffna and the Security Forces after the take over of Jaffna by the security forces in 1995. They stated that the assassination of Brigadier Hammangoda in July 1996 led to the incidents of disappearances re-occurring, and Peoples had even started aproaching the church to take charge of their children to escape abduction. The church then had to "stick its neck out and give a voice to what was happening". This had made the priests to get together and form the Justice and Peace Commission, which was until then only an informal organisation. This Commission spoke of how people were taken into custody at cordon and search operations and some of them who returned told them of the manner in which they had been tortured to extract information about militant infiltration into the Jaffna District.

A report by Amnesty International in November, 1997 refers to these incidents. Consequently there had been a public out cry against such disappearances. Association of the Parents and Guardians of those who disappeared in jaffna during that period stated they met Her Excellency the President and had made representations about the disappearances. The political parties which gave evidence and the Association of Guardians and Parents of the Disappeared in Jaffna stated that Her Excellency had promised to apoint a Commission to inquire into those disappearances.

The Association of Guardians and Parents of the Disappeared in Jaffna, requested this Commission to inquire into their complaints also. It was with regret that they were told that this Commission has not been mandated to look into new complaints. However they were informed that their request would be a subject of our recommendation.

Many organisations spoke of the cordial relationship they had with the higher officials amongst the security forces and made special mention of some security forces officers who made every effort to end human rights violation.

It was stated that the people who had been victims of abductions and killings had no one to complain to. The Police Stations were not functioning. All that they could do was to tell the concerned NGO's. When the abduction was at the hands of the militants, no one dared to complain. Only the abductions and killings at the hands of security forces have been recorded by the Grama Niladharies. If the abduction or killing was at the hands of security forces, the Grama Niladhari had recorded the event without hesitation. This has resulted in most abductions and killings by the militants being not recorded, giving a warped picture on responsibility for disappearances during the period concerned. Another matter that came to light was that as a result of the displacement of the people in 1996, a large percentage of those who left Jaffna have not returned. They are either in the Vanni or elsewhere in Sri Lanka, some have even left the country.

Consequently this Commission is of the opinion that it was unable to get a true picture of the alleged disappearances in Jaffna.

With the displacements in October 1995 from Jaffna the official records maintained by the Grama Niladharies, Divisional Secretaries and even at the Jaffna Kachcheri, have been either lost or destroyed. The Jaffna Kachcheri was damaged by a bomb falling on it. This has also contributed to the lack of clarity of facts and figures pertaining to the situation.

Along with the absence of the Police Stations, the Courts had ceased to function. Even after Riviresa, only the Magistrates Court is functioning with the Police stations in Jaffna and Kankesanthirai. As these Police Stations are involved more with security work than with crime prevention, there has been no proper investigation by the police of any incidents of disappearance.

The political parties and the NGO's spoke of the need to re-establish the High Court in Jaffna immediately as an an urgent measure required to provide a judicial remedy for abductions and disappearances. A High Court Judge for the District of Jaffna has been appointed now.

The Northern Muslims Rights Organisation gave evidence of the of the circumstances under which the Muslims were evicted from Jaffna and of the abductions and disappearances that took place during that period. This Organisation stated that the Muslims formed about 5% of the population of Jaffna District in 1990 and that at the time of their forced exodus they were living very amicably with the Tamil population. There had been 84 exclusive Muslim villages in the North ; 15,000 houses belonging to them ; 165 Mosques and 47 Mulsim Schools. The Muslims were involved mainly in trading activities. In the Mannar District 30% of the population was Muslims, who didi fishing and cultication as well. In Mullaitivu they were mainly cultivators.

In October 1990 the Mulims in the North were evicted from the Jaffna, Mannar and Vavuniya district with very short notice. Those in Jaffna were asked to leave within 2 hours while the others had to go within 24 hours. They were not allowed to take any of their belongings by the local cadres of the LTTE who had stated, they were complying with orders from their superiors.

Before and after the exodus several Muslims had been taken to custody by the LTTE. Some of them were relased while other disappeared. Some of those who were fleeing from Manner by boat were drowned between Mannar and Kalpitiya. Those who fled have taken refuge in the Puttlam, Anuradhapura, Medawachchiya, Gampaha and Kalutara Districts where they continue to remain as refugees even today.

39 Muslims have allegedly disappeared prior to October, 1990, thereafter six Muslims had disappeared. Some of these disappearances formed the subject matter of complaints to the Presidential Commissions on Disappearances. Two such complaints were inquired into by this Commission.[3]

All the NGO's and special witnesses who gave evidence before this Commission stressed the need to restore peace and provide assistance for the displaced to get back to their original places or residence and start life afresh. The Government has

[3] Vide Chapter VIII for further particulars.

estblished an organisation called the Re-settlement and Rehabilitation Authority of the North (RRAN) for this purpose. International NGO's such as the UNDP, Redd Barna, Unicef, GTZ, and National NGO's such as Sarvodaya, Hudec, Sri Lanka Red Cross etc. are involved in the relief and rehabilitation work of those affected by the incidents in the North. The Government Agent and the Divisional Secretaries of Jaffn gave evidence and stated that the Government is providing relief and other assistance to those affected in Jaffna.

Problems of the Residents of Jaffna

Several NGO's and Special Witnesses spoke of the problems faced by of the residents of Jaffna. They stated that there was a forced exodus of the residents of Jaffna on 30th October, 1995, when the LTTE wanted them to leave within 24 hours. Most of them went to Vadamarachchi and the Wanni, While those who had the means either shifted to the South or left the Country. After the Sri Lankan security forces regained control of the area in 1996, many of those who were in Vadamarachchi and the Wanni returned to Jaffna. As stated elsewhere in the report a suicide bomber attempted to assassinate the then Minister of Construction and Housing on 4th July, 1996. The Army Commander in Jaffna, General Hammangoda was killed in that incident. Several disappearances are alleged to have taken place thereafter. Those disapperances do not fall within the Mandate of this Commission, as no complaints of these disappearances had been made to the Presidential Commission on Disappearances in the North and East.

The NGO's and Special Witnesses stated that the events that occurred during the period of the forced exodus and thereafter had devastated the economy of the District. So it took time for the people who returned to start normal life once more. The evidence is that the Government gave a helping hand to them by the provision of dry rations for the first three months and assistance in rebuilding damaged houses. Financial assistance was also given to get their basic essentials.

The witnesses stated that, the forced exodus had changed the village and family structures.

One witness said as follwos:-

> "Most of those who could find their way out of the District had left. Some of the affluent have gone abroad or settled down elsewhere in the country. In many homes the able-bodied male of the family is no longer in Jaffna. They are either in the South, overseas or with the militants. Consequently the family unit had become disrupted. A large percentage of those living in Jaffna now are women, old and infirm men and young children. Youth are conspicuosly scarce."

Another witness stated as follows:-

> "The society survives because of women. They have kept the hearths burning. They could be seen almost on every road in Jaffna either walking or on their bicycle. They are the ones who get checked at checkpoints and get exposed to harassment."

Most of the young girls and boys of school age in Jaffna are going to school. Education is one sector that has withstood the turbulence. The University is functioning and a number of graduates pass out from them with merit. Even in the schools the results at G. C. E. Ordinary Level and Advanced Level Examinations are on par with the results in the other parts of the country which have not been directly affected by the war.

The evidence of the Special Witnesses from the Medical field indicated that, the health of the People is on the decline. In 1976 a World Bank Survey had revealed that out of the 24 Districts in Sri Lanka, the Jaffna District was the second best in nutriton. But now it is reported to be the third from the lowest Malnutrition is rampant, medical supplies and facilities are inadequate. Many Special Witnesses spoke of the effects of the events of the jaffna on the mental state of the people. One of them said as follows:

> "The war machinery can't hear the dirges of the people (of Jaffna) whose families cry day and night. Some women become mentally imbalanced after a short period of time. The babies get distorted in their wombs . . . . . "

Jaffna has no access to electricity supply from the main grid despited the efforts of the State. However thermal electricity is available in many parts of Jaffna. The economy is static. The cultivator has very limited access to the National and International Markets. The affluent in Jaffna are only those whose family members are working abroad. The fishing limit of 2 kilometres for security purposes does not permit fishermen to do deep sea fishing.

The local government structure composed of elected representatives is weak. They lack the necessary funds and the capacity to strengthen basic facilities needed by the people. Repeated assassinations of elected representatives by the LTTE have crippled the local government system.

The unemployment rate is high. The educated few and the able bodied who have the means, are waiting hopefully to go abroad. Jaffna is a resourceful land which has an enterprising population. Yet the lack of proper transport, health facilities, agricultural inputs, marketing facilities and an effective civil administration are the stumbling blocks to the economic development and the upliftment of the people of the area.

The war has made it impossible for the State to develop the infrastructure. Consequently the people of Jaffna are a disillusioned lot waiting hopefully for peace to dawn.

In the light of the tension and uncertainties associated with the lack of assurances of peace, there can be no guarantee that there would be no resurgence of the phenomenon of disappearances in the Jaffna District or any other part of Sri Lanka at the hands of whoever is in power at that particular time. The establishment of all structures recommended in this Report are set to nought in the absence of peace.

CHAPTER XII

SUMMARY OF RECOMMENDATIONS

A SUMMARY of the Recommendations of this Commission, Chapter by Chapter is Given Below:-

I. In Chapter II – "Present Whereabouts of Disappeared Persons", in the section on Returned Detainees, it is recommended that –

1. further investigations of the complaints of returned detainees be done as a matter of urgency.
2. the evidence of returned detainees on the events they witnessed while in custody be recorded.
3. the Human Rights Commission be directed to deal with instances of torture of returned detainees inquired into by this Commission.

II. In Chapter III – "Responsibility for the Disappearanc", it is recommended that –

1. further investigations into the complaints of returned detainees be done as a matter of urgency.
2. the investigations into the persons against whom the Commission had found credible material indicative of their responsibility for disappearances be done by the Inspector General of Police under the overall supervision of the Attorney General.
3. the Attorney General to determine the appropriate legal proceedings to be taken against such persons.
4. the Government of Sri Lanka to take up at the relevant International fora the issue of the need for the formulation and promulgation of an International Instrument on the subject of the responsibility of Armed Groups.
5. the Police investigations be done in respect of the recommendations of all Presidential Commissions on Disappearances with regard to perpetrators of disappearances and not be done on a case by case basis.
6. the investigations be done in such a manner as to give the victims confidence in the impartiality of persons conducting such investigations.

III. In Chapter IV – "Legal Proceedings against those Responsible", in respect of those persons against whom credible material indicative of responsibility for causing disappearance have been found by this Commission, it is recommended that the following steps be taken-

1. the Disappearances Investigations Unit established in the Criminal Investigation Department of the Police be well equipped and provided with all logistical support necessary for them to perform their duties of proceeding against those responsible, effetively.

2. the Human Rights Commission Act be amended to provide for an independent Human Rights Prosecutor to conduct prosecutions into complaint of human rights violations in general and disappearances in particular.
3. the Police records such as information Books, Diet Registers, Movement Registers and Medical Records be handed over to the Disappearance Investigation Unit of the CID to ensure the safety of such books.
4. no defence of due obedience to orders from superiors, be entertained.
5. the principal of accountability in respect of past acts be reaffirmed for the good of the society in future.
6. prosecutions be not confined to Junior Officers alone.
7. an amnesty be given to witnesses, including perpetrators who confess to participation in human rights violations and give evidence to the circumstances including the orders received, planning for, etc.
8. the Human Rights Commission be directed to set up a machinery by way of a Special Committee of Eminent Persons to entertain application for Amnesty, and record their evidence of human rights violations.
9. where investigations have commenced against alleged perpetrators, they be transferred out of the area of the alleged incidents under investigation.
10. interdiction from service of such alleged perpetrators to take place following the initiation of criminal and/ or disciplinary proceedings.
11. if any perpetrator is alleged have attempted to interfere with a witness, threatened lawyers, threatened the prosecutor, or obstructed investigations, such action to be a subject of a further inquiry followed by further punishments and it should also be a ground for interdiction.
12. allegations of unjust enrichment be a subject of consideration at a trial against an alleged perpetrator so as to obviate the need for a multiplicity of actions.
13. a right of the dependents of a disappeared person to institute civil proceedings for the recovery of losses suffered by reason of disappearance, be recognized, against those found responsible for abduction or wrongful confinement by a Court of Law, where subsequent to such act the disappearance of the victim had ensued.
14. article 17 and 26 of the Constitution be amended enlarging the scope of *locus stand* in fundamental Rights applications.
15. returned detainees be permitted to make applications, despite the lapse of time, in terms of Article 11 and Article 13 of the Constitution, through the Legal Advisory (Assistance) Service Bureau.

IV. In Chapter V – "Preventive Measures", It is recommended that –

1. any member of the Armed Forces and the Police Force who makes an arrest or orders a detention must inform the Human rights Commission of such arrest of detention within forty eight hours.
2. a Penality for non-compliance, including the Chain of Command Responsibility for such non compliance, be specified.
3. inspector General of Police to be required to provide monthly statistics of compliance.
4. the duty to produce before the magistrate any person arrested within 24 hours, be made applicable even during the operation of Emergency Regulations.
5. the arresting officer to give a receipt of arrest including the name of the person arrested, date, place and the name and rank of officer arresting to a family member of friend, at the time of arrest.
6. detention to be only at an authorized place of detention.
7. adequate publicity be given to the authorized places of detention.
8. an arrested person to be promptly handed over to custodial authorities, viz the officer in Charge of a Police Station or the prison authorities.
9. a change of the place of detention to be promptly notified to the family of the arrested person.
10. magistrate to visit places of detention every month.
11. the Prison Rules be made applicable to all detainees.
12. release from detention to be through Courts or to families
13. the State itself to be seen to be alert to the preservation of the rights of the detainee by way of institution of action against violators.
14. the failure or refusal by the Police to record an arrest, detention and transfer or to record complaints of abduction. If followed by an involuntary disappearance, be declared a cognizable offence.
15. the failure or refusal *per se* to comply with the rules be declared acts entailing penal conequences with a right to file a private plaint by the virtual complainant, in the event of the Police failing to institute legal procedings.
16. disciplinary proceedings be conducted against those officers for breaches of Regulations, with the superiors themselves being made liable for no performance of their duties in this regard.
17. a finding at a disciplinary inquiry of the violation of the rights of a detainee be made liable for suspension or termination from service, loss of promotions.

18. the Service Records of officers to include instances where the Supreme Court has found an officer to have breached fundamental rights of persons and a finding of responsibility in a Habeas Corpus Petition.
19. speedy action be taken on findings of Disappearances Commissions.
20. the jurisdiction of Magistrates be enlarged to enable them to receive petitions and affidavits in Habeas Corpus Application, and to visit alleged places of detention, while the High Court to continue with jurisdiction to declare responsibility and compensation.
21. special Division of Magistrate Court in Colombo to be designated to clear backlog of Habeas Corpus Applications.
22. adverse findings in a Habeas Corpus petitions not to be confined to payment of damages by the State alone but to include disciplinary action against the officers responsible.
23. respodents in Habeas Corpus Petitions to deposit the sum awarded, in Court, pending appeal and the obligation to pay the award be made available against his assets and estate.
24. legal aid organizations providing their services to Habeas Corpus applicants be made recipients of State Grants.
25. the utilization of the powers under the Emergency Regulations be minimised.
26. parliament to scrutinize each Regulation before promulgation and Human rights Groups be given the opportunity to make submissions.
27. adequate publicity be given to the provisions of the Emergency Regulations.
28. magistrates be empowered to require the Defence Secretary to provide supplementary information when seeking an extension of a detention order.
29. officers with Chain -o- Command Responsibility who order or tolerate disappearances by those under their command to be made invariably criminally liable.
30. steps be taken without delay against miscreants identified by the Commissions on Disappearances.
31. the possibility of the maintenance of a "Private Army" at State expense be eliminated.
32. a panel of Lay-Visitors be appointed in each Police area with powers to speak to detainees, check police records, etc. and to make complaints themselves to the Human Rights Commission.
33. wide publicity be given to the Reports of Commissions of Inquirty into Disappearances, translations of Reports to be made available in Sinhala and Tamil.
34. civil society be vigorously enlisted as mediators by the Human Rights Commission in the resolutions of disputes as envisaged by the Human Rights Commission Act.

V. In Chapter VI – "Relief Measures to Affected Persons", it is recommended that-

1. the recommendations on relief made by earlier Persidential Commissions of Inquiry be endorsed.

2. A TRUST for the rehabilitation of persons affected by disappearances be set up under a Board of Trustees and the Inland Revenue Law be amended to remove the ceiling on contributions to charity to qualify for tax exemptions to facilitate contributions to this Trust.

3. the schemes of relief recommended to benefit attected families in all parts of the country without exception.

4. A WALL OF RECONCILIATION be constructed with the names of the disappeared persons as a monument to the Disappeared.

5. a tax of 2% be collected by budgetary provisions on the lines of the Defence Levy to enable implementation of the relief measures recommended

6. the basic compensation to the affected families of diappeared persons, to be paid to all affected families irrespective of categorisation as terrorist or not.

7. any denial of compensation to be only if a Court of Law has declared a disappeared person as a terrorist. The Divisional Secretaries to be informed of this, though it is recommended that even such segregation should cease to operate forthwith.

8. the finding of a Disappearance Commission be taken as adequate proof for the grant of pensions or other benefits due to affected families of disappeared persons.

9. a realistic time frame be fixed to complete the payment of compensation to all those entitled in every District.

10. a Scholarship programme be initiated for children of affected families on the lines of the scheme for children of missing soldiers.

11. the formulation of a comprehensive scheme of vocational training for needy members of affected families.

12. the Educational and Health Services to plan out and put into operation a scheme for the sensitisation of all their personnel to the need to provide counselling services to numbers of affected families, with the financial assistance and co-ordination of Non Governmental Organizations.

13. where there is evidence of unlawful detention or disappearance, the insurance companies be directed to take cognisance of this fact and not to treat the policy as having lapsed but to give the benefit of the policy to the heirs of the disappeared person.

14. where findings of a Disappearance Commission or a death certificate is issued and where the death or disappearance is prior to due date of premium, the insurance policy be treated as having not lapsed.

15. publicity be given to the Registration of Deaths (Temporary Provisions) Act No. 58 of 1998 through the media and Grama Niladharies.

16. an Advisory Services Bureau on the lines of the Citizen's Advisory Services Bureau set up in London during the Second World War, be set up to assist dependants of disappeared persons in procedures they have to follow to obtain relief etc.

17. the Divisional Secretaries be entrusted the responsibility of identifying and reporting to the Ministry of Public Administration and the Ministry of Rehabilitation, the kind of vocational training needed for affected families.

18. the recommendations be acted upon as part of a reparation package to those affected families to help in the process of national healing and reconciliation.

VI. In chapter VII – "Alleged Disappearances not within the Mandate", it is recommended that –

1. attention be paid to inquire into the complaints allegedly not reported to any Commission so far in respect of disappearances which have occured after 1988.

2. the Human Rights Commission Act be amended to enable it to inquire into complaints remaining uninquired as these complaints do not fall within the mandate of this Commission, and any subsequent instances of this nature brought to their notice.

3. that each of the complaints not coming within the Mandate of this Commission be referred to Divisional Secretaries to verify with the Grama Niladharies whether the whereabouts of such person is still not known in his area.

Manouri Kokila Muttetuwegama,
Chairman.

[illegible]ETTI GAMAGE DHARMADASA
Member.

PONNUCHAMY BALAVADIVEL,
Member.

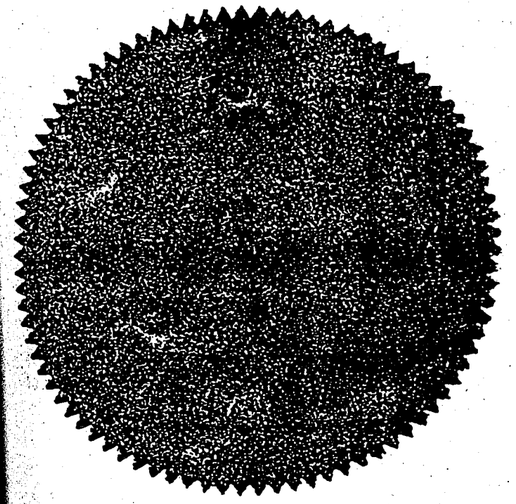
BY HER EXCELLENCY
CHANDRIKA BANDARANAIKE KUMARATUNGA,
PRESIDENT OF THE DEMOCRATIC SOCIALIST REPUBLIC
OF SRI LANKA



To:

1. MADAM MANOURI KOKILA MUTTETUWEGAMA
2. HETTI GAMAGE DHARMADASA ESQUIRE
3. PONNUCHAMY BALAVADIVEL ESQUIRE

Greetings :

WHEREAS in pursuance of the powers vested in me by section 2 of the Commissions of Inquiry Act (Chapter 393), I have by warrant under the public seal of the Republic, and published respectively in Gazettes No. 855/18, 855/19 and 855/20 of January 25, 1995 appointed three Commissions of Inquiry to investigage and report on allegations of involuntary removal of persons from their places of residence, or the disappearance of persons from their places of residence in the Central, North Western, North Central and Uva Province, the Northern Province and Eastern Province and the Western, Southern and Sabaragamuwa Provinces :

AND WHEREAS the above mentioned three Commissions of Inquiry have investigated and reported on a substantial number of allegations made to such Commissions of Inquiry :

AND WHEREAS there are a number of allegations received by such Commissions of Inquiry, which have as yet to be investigated and reported on :

AND WHEREAS I am of opinion that it is in the interests of public safety and welfare to appoint one Commission of Inquiry to investigate and report on the allegations received by the said three Commissions of Inquiry and in respect of which no investigations have commenced on the respective dates, apointed by the respective warrants appointing such Commissions of Inquiry, for rendering of the reports of such Commissions of Inquiry :

NOW THEREFORE, I CHANDRIKA BANDARANAIKE KUMARATUNGA, President reposing great trust and confidence in your prudence, ability and fidelity, do, in pursuance of the provisions of section 2 of the Commissions of Inquiry Act (Chapter 393), by these presents appoint you the said—

1. Madam Manouri Kokila Muttetuwegama
2. Hetti Gamage Dharmadasa Esquire
3. Ponnuchamy Balavadivel Esquire,

to be my Commissioners to inquire into and report on the following matters :

(a) the allegations about the involuntary removal of persons from their residences, or the disappearance of persons from their residences, made to the Commissions of Inquiry appointed under the Commissions of Inquiry Act, and the terms of reference of which are published respectively, in Gazettes No. 855/18, 855/19 and 855/20 of January 25, 1995, being allegations in respect of which no investigations have commenced on the respective dates, appointed by the respective warrants appointing such Commissions of Inquiry, for the rendering of the reports of such Commissions of Inquiry ;

(b) the evidence available to establish such alleged removals or disappearances;

(c) the present whereabouts of the persons alleged to have been removed or to have so disappeared ;

(d) whether there is any credible material indicative of the person or persons responsible for the alleged removals or disappearances;

(e) the legal proceedings that can be taken against the persons held to be so responsible;

(f) the measures necessary to prevent the occurrence of such alleged activities in the future;

(g) the relief if any that should be afforded to the parents, spouses and dependants of the persons alleged to have been so removed or to have so diappeared;

and to make such recommendations with referrence to any of the matters that have been inquired into under the terms of this warrant.

And I do authorize and empower you, said Commissioners to hold such inquiries and make all other investigations, into aforesaid matters as may appear necessary, and require you to transmit to me **within six months** from the date hereof, a report or interim reports thereon under hand, setting out the findings of your inquiries and your recommendations.

And I further name you MADAM MANOURI KOKILA MUTTETUWEGAMA to be the Chairman of the said Commission;

And I do hereby direct such part of any inquiry relating to the aforesaid matters, as you may in your discretion determine, shall not be held in public;

And I do hereby require and direct all public officers, and other persons to whom you may apply for assistance or information to render all such assistance and furnish all such information as may be properly rendered and furnished in that behalf;

And I do hereby declare that the provisions of Section 14 of the aforesaid Commissions of Inquiry Act shall apply to the Commission;

Given at Colombo under the seal of the Democratic Socialist Republic of Sri Lanka this **Thirtieth day of April One Thousand Nine Hundred and Ninety Eight.**

By Her Excellency's command,

K. BALAPATABENDI,
Secretary to the President.

Annex V

EXTRACT FROM THE PRISONS ORDINANCE (CHAPTER 54)

Part III

Visitors

35. (1) It shall be lawful for the Minister, by notice published in the Gazette, to appoint-

(a) for all prisons in Ceylon generally, a Board of Prison Visitors consisting of the Commissioner as chairman and of six other members, of whom four shall be persons who do not hold any public office under the Crown ;

(b) for each of the prisons in Ceylon, a Local Visiting Committee consisting of four persons who are not members of the Board of Prison Visitors and do not hold any public office under the Crown ; and

(c) for any specified prison or group of prisons, one or more Additional Prison Visitors, each of whom shall be a person who is not a member of the Board of Prison Visitors or of a Local Visiting Committee and does not hold any public office under the Crown.

(2) Every member of a Local Visiting Committee shall for the purposes of this Ordinance be deemed to be a Visitor of the prison for which the committee is appointed, and, save as otherwise expressly provided, shall, in relation to that prison, exercise the powers and perform the duties of a Visitor accordingly.

(3) Any person appointed under this Ordinance as a Visitor may be removed from office by the Minister at any time.

(4) Every Visitor appointed under this Ordinance shall hold office for a period of three years from the date of his appointment, unless he is earlier removed from office by the Minister :

Provided, however, that where any Visitor is appointed for any shorter period specified in the notice relating to his appointment, such Visitor shall hold office only for the period so specified.

36.(1) It shall be the duty of the Board of Prison Visitors –

(a) to advise the Commissioner in matters relating to the General Administration of Prisons in Ceylon ; and

(b) to investigate and report on any matter concerning prisons referred to the board either by the Minister or by the Commissioner.

The quorum for any meeting of the board shall be three members.

(2) It shall be the duty of every Local Visiting Committee –

(a) to elect a Chairman from among the members at a meeting held as soon as may be after the appointment of the committee ;

(b) to conduct such inquiry as may be necessary, whenever any special matter, concerning the prison for which the committee has been appointed, is referred to the committee for inquiry by the Minister or the Commissioner and to report their opinion there on to the Minister or the Commissioner as the case may be ;

(c) to hold a meeting once in each half-year at the prison for the purpose of considering matters concerning the prison not specially referred to the committee by the Minister or the Commissioner under sub-paragraph *(b)* and to furnish a half-yearly report to the Commissioner on any matter which in the opinion of the committee it is expedient to refer to him for consideration.

(3) It shall be the duty of the Chairman of each Local Visiting Committee –

(a) to prepare a rota of attendance and to make all such arrangements as may be necessary to ensure that at least one member of the committee shall visit the prison once at least in every week and shall hold himself in readiness to attend at the prison at any reasonable time to hear any complaint that a prisoner may desire to make ;

(b) to sign all letters and reports on behalf of the committee ; and

(c) to summon the half-yearly meetings of the committee and all such other meetings as may from time to time be necessary for the purposes of any inquiry to be held under subsection (2) (b).

(4) It shall be the duty of every Visitor who is a member of a Local visiting Committee –

(a) to inquire in to and report on any matter relating to the prison which may be specially referred to him for inquiry or report by the Minister or the Commissioner ;

(b) unless he is prevented by illness or other sufficient cause, to visit the prison once at least in every week in any period during which he is required in accordance with the rota of attendance or other arrangements made by the chairman, to visit the prison, and to hold himself in readiness during that period to attend at the prison at any reasonable time to hear any complaint that a prisoner may desire to make ;

(c) to attend at the prison whenever he is summoned to act as member of a tribunal for the purposes of section 81 ;

(d) to enter on the log book after each visit made by him to the prison, a statement of all matters relating to the prison which were investigated by him during the visit ; and

(e) to record in the complaint book each complaint made to him by a prisoner and the proceedings taken by him on such complaint.

(5) Any Additional Prison Visitor shall, in relation to the prison or any of the prisons to which he has been appointed, be entitled to exercise the rights of an individual member of a Local Visiting Committee, and shall, whenever called upon by the Superintendent of such prison, perform in respect of such prison any of the duties imposed by this Ordinance or any other written law upon and individual member of a Local Visiting Committee.

(6) Every Visitor shall, in the performance of his duties, act in conformity with the provisions of this Ordinance, the rules made thereunder and any other written law relating to prisons, and shall co-operate with the prison staff in the maintenance of discipline in, and the good management of the prison in or in respect of which such duties are performed.

37.(1) Every Visitor shall be entitled-

(a) to visit any prison at any time ;

(b) to have free access to any part of any prison or to any prisoner there in ;

(c) to inspect the condition of any part of the buildings or the premises of any prison, or any appliance or equipment provided therein for the use of the prisoners ;

(d) to inspect or test the diet provided for the prisoners in any prison ;

(e) to inquire in to the general condition and treatment of the prisoners in any prison ;

(f) to record in the Visitors' book or in the log book, as the case may be, a statement of the facts discovered by him in the course of any inspection or inquiry under any of the foregoing paragraphs of this sub-section and any observations he may desire to make as a result of such inspection or inquiry :

Provided, however, that no Visitor shall be entitled-

(i) if he is a member of a Local Visiting Committee or an Additional Prison Visitor, to visit or to have access to, or to hold any inspection or inquiry in, any prison other than the prison or one of the prisons for which he has been appointed ; or

(ii) to hold any inquiry, or make any observation or recommendation, as to any matter connected with the appointment, promotion or transfer of any prison officer or the supervision, control or discipline of the prison staff ; or

(iii) Save as provided in sections 41 (2) and 79, to issue any order to any prison officer or prisoner.

(2) Nothing in this section contained shall be deemed to authorize the Board of Prison Visitors or a Local Visiting Committee to hold any inquiry, or make any observation or recommendation, as to any matter connected with the appointment, promotion, or transfer of any prison officer or the supervision, control, or discipline of the prison staff or to issue any order to any prison officer or prisoner.

38.(1) It shall be the duty of the jailer of every prison –

(a) to keep within the prison-

(i) Visitors' book in which Judges of the Supreme Court, Senators and Members of parliament and members of Board of Prison Visitors may record any observations or recommendations after a visit paid by them to the prison ;

(ii) a log book in which members of Local Visiting Committees or Additional Prison Visitors may record statement or particulars of the business transacted during their visits which they are required or authorized to record by this Ordinance or the rules made there under ;

a complaint book in which any Visitor may record the complains made to him by prisoners and the proceedings taken upon such complaints; and

(b) To produce the Visitors' book, log book, or complaint book, as the case may be, on demand made by any of the aforesaid persons in the course of any visit made by him to the prison.

(2) It shall be the duty of the Superintendent to transmit to the Commissioner, within such period as may be specified by him, a copy of each new entry made in the Visitors' book or the log book.

(3) The Commissioner may, after consideration of any report transmitted to him under section 36 or section 41 or of any entry in a Visitors' book or log book of which a copy is transmitted to him under subsection (2) take such action thereon as to him may seen expedient.

Annex VI

107TH INTERNATIONAL TRAINING COURSE
(Resource Material Series No. 53)

Survey of Characteristics of the Japanese Criminal Justice System

A. Characteristics

Before explaining the Japanese prosecution system, I would like to point out some characteristives of the Japanese criminal justice system in order to avoid any confusion.

1. Public prosecutors have the authority to investigate cases referred the police and to initiate investigation without the police, which, in practice, they often do.
2. Only public prosecutors may request a judge to detain suspects, and prosecute suspects. Japan does not have private prosecution or police prosecution.
3. Japan conducts virtually no undercover operations or electronic surveillance.
4. Public prosecutors have the discretionary power not to prosecute even though the evidence is sufficient to secure a covinction. Many factors are considered, especially the possibility of the suspect's rehabilitation without formal punishment.
5. Japan has no jury or assessor system. All cases are handled by competent judges.
6. Even if a suspect admits his guilt, the case is brought to trial. Moreover, plea bargaining is unavailable.
7. Japan has the hearsay rule. However, a judge could admit a written statement, especially taken by a prosecutor, as evidence under certain conditions. Terefore prosecutors often produce written statements based on an interview with a suspect or a witness.
8. Public prosecutors recommend a specific sentence (e.g., specific term of imprisonment, specific amount of fine, etc.) at the closing statement. If they are not satisfied with a judge's decision, whether conviction or acquittal, they can appeal to a higher court.
9. Japan implements the theory of "presumed innocent" untill proven guilty. However, since the acquittal rate is extremely low (below 1 percent) [9], if a suspect is indicted, he/she is likely to be regarded as "guilty" by people in the society.
10. As mentioned below, the evolution of the Japanese criminal justice system is quite unique. It was influenced by the United States System (especially in trial; nemely, an adversarial system) after World War II, but still retains the influence of the civil law countries.

[9] ...ight be attributable to several elements, including the discretionary power of public prosecutors, and the high probability of a confession by defendants

B. Historical Background

Japan had been strongly influenced by the Chinese legal system since the seventh sentury. In 1890, Japan enacted the Meigi Constitution under the influence of the civil law counties, especially Germany. After its defeat in World War II, Japan has implemented the present Constitution influenced by United States law since 1947 without any change. A number of provisions regarding human rights on criminal matters were introduced to or strenghthened in the Constitution, specifically, Articles 31 to 40. In short, no person shall be arrested or searched of seized without a warrant issued by a competent judge except in the case of a flagrant offence; be compelled to testify against himself; and be convicted in cases where the only proof against him is his own confession. An accused [10] has the right to retain his own counsel.

The Code of Criminal Procedure (hereinafter CCP) was also changed in 1949. The CCP was greatly influenced by the adversarial system, especially in trial, and adopted the restrictive use of evidence and the need for a warrant for all kinds of compulsory measures.

INVESTIGATION

A. Investigative Agencies

Since public prosecutors as well as the police are authorised to conduct investigations (CCP articles 189 and 191), I will explain the Japanese investigation procedure as part of prosecutorial functions. Of course, the police have the first and primary responsibility for criminal investigation. Actually most criminal cases (over 99 percent) are initially investigated by the police and other judicial police officer. Once the police investigate a case, they must refer it to a public prosecutor together with documents and evidence, even when the police believe evidence is insufficient. The police have no power to finalize cases, except for two minor types of disposition (see Figure 1).

Public prosecutors may investigate cases themselves and often do so supplementarily ; that is, they interview victims and main witnesses directly, and instruct the police to further collect evidence, if necessary. Moreover, public prosecutors may initiate and complete investigation without the police, and often do so in complicated cases such as bribery or large scale financial crimes involving politicians, high-ranking government officials or executives of big enterprises. In three major cities (Tokoyo, Osaka and Ngoya [11]), the public prosecutors offices established a Special Investigation Department, where a considerable number of well-trained and qualified public prosecutors and assistant officers are assigned to initiate investigations. Since April 1996, several districts have a Special Criminal Affairs Department dealing with white collar crimes. If necessary, an *ad hoc* investigation unit composed of prosecutors and assistant officers can be organized. However, in practice, it may be quite difficult in many small-scaled offices because of staff shortages.

10 The Constitution provides the right to retain a defence counsel for the accused, meaning a defendant after indictment, and the Code of Criminal Procedure provides the same right for a suspect. However, if he cannot hire a defence counsel, the state will assin a defence counsel only to an accused, not to a seuspect (CC Particles 30 and 36).

11 The Special Investigations Departments in the Tokyo and Osaka offices have a long history and have investigated a number of cases relating to bribery, breach of trust, tax evasion, etc. However, Nagoya's department was just established in April, 1996.

B. Investigation Process

1. Outline

Figures 1 and 2 show the outline of the process of investigaton, prosecution etc., for adults.

Since the Japanese system is unlike some countries where an arrest is a prerequisite for prosecution, the police and public prosecutors conduct investigation and prosecution on a voluntary basisi as much as possible. Although investigators arrest suspects in serious cases, even in such cases, they collect as much information as possible before arresting them and carefully examine the necessity of arrest, considering the suspect's age and surroundings, the probability of flight and destruction of evidence.

The procedure after arrest is as follows :-

(i) When the police arrest a suspect, they must refer the suspect with documents and evidence to a public prosecutor within 48 hours otherwise they must release him (CCP Article 203)

(ii) Unless the public prosecutor releases the suspect or prosecutes the suspect, the public prosecutor must ask a judge for a pre-indictment detention order within 24 hours after receiving him. (CCP article 205);

(iii) The pre-indictment detention period is 10 days. The public prosecutor may ask a judge for an extension of the detention for up to 10 days, if necessary (CCP article 208);

(iv) The public prosecutor must release the suspect by the termination of the detention period unless prosecution is initiated.

2. Arrest

On principle, no one may be arrested without a warrant issued by a Judge. Though probable cause must exist to believe that the suspect committed the alleged offence.

Police officers designated by law[12] as well as public prosecutors are authorized to directly ask a judge to issue an arrest warrant. Japan does not recognise the so-called "cognisable offence" that permits the arrest of a suspect without a warrant. However CCP provides two exceptions as follow :

(i) Flagrant Offence (CCP articles 212 to 214) ;
Any person may arrest, without a warrant, an offender who is committing or has just committed an offence or

(ii) Emergency Arrest (CCP article 210) :

12 These police officers are designated by the National Prefectural Public Safety Commission and are ranked at or above Police Inspector, which is the third rank from the bottom (CCP article 199.2)

"When there are sufficient grounds to suspect the commission of an offence punishable by the death penalty, or imprisonment for life or for a maximum period of three years or more, and if, in addition, because of great urgency a warrant of arrest cannot be obtained before hand from a judge, a public prosecutor, a public prosecutor's assistant officer or a judicial police official may, upon statement of the reasons therefore, apprehend the suspect." In this case, the procedure for obtaining an arrest warrant from a judge shall be taken immediately thereafter. If the warrant is not issued, the suspect must be released at once.

After receiving the suspect, the public prosecutor must immediately inform him of the alleged offence and the right to hire a defence counsel, as well as give the suspect and opportunity for explanation. This is a public prosecutor's first and most important interview with a suspect because he learns the suspect's viewpoint. The interview is also important for a suspect because he can observe how much the public prosecutor knows about the facts or how confident he is in proving the case through his words and attitude. If the suspect presumes the public prosecutor has poor knowledge about the case, the suspect is not likely to confess.

3. Pre-indictment Detention

The public prosecutor must proceed to the next step as above-mentioned in section B.1.B. If a public prosecutor arrests a suspect, the same procedure must be followed within 48 hours after the arrest (CCP article 204).

The power to ask a judge for a detention order is vested only in a public prosecutor.

The judge asked for the detention order reviews all documents and evidence, and interviews the suspect to afford him the opportunity to explain the alleged case. The judge may order the suspect's detention for 10 days if there are reasonable grounds to believe that the suspect has committed the offence, and

(i) the suspect has no fixed dwelling ;
(ii) there are reasonable grounds to believe that the suspect may destroy evidence, or
(iii) there are reasonable ground to believe that he may attempt to escape.

Otherwise, the judge must dismiss the application. (CCP article 60,207 and 208). In practise, it is granted for the most part since the police and public prosecutors carefully screen suspects to be arrested or detained (see Table 1).

When an extension of detention is requested, a judge examines all the documents and evidence without interviewing the suspect. Then the detention can be extended up to 10 days, including weekends and national holidays. A suspect's maximum term of custody before indictment is consequently 23 days [13]. By the termination of the detention term, a public prosecutor should decide whether to prosecute of release the

[13] CCP Article 208-2 provides a further 5-day extension for the crimes related to insurrection. However it's use is extremely exceptional and rare.

suspect. The power to prosecute is vested only in a public prosecutor with one exception [14]. During the detention period, no suspect is entitled to bail, but he may be bailable after indictment (CCP article 88).

Furthermore, a suspect is usaually detained in a police jail substituted for a detention house [15] during the above mentioned period even after referral to a public prosecutor. CCP Article 198 is interpreted that a suspect under arrest/detention is obligated to appear before an investigation official to be questioned when requested. In the Japanese system, the police and public prosecutors are expected to find truth by interrogating a suspect, showing him parts of evidence, etc. Detention houses in Japan are located in the suburbs and insufficient to facilitate such needs. Accordingly, a judge permits a suspect to be detained in a police jail during a detention period.

4. Relation between the Police and Public Prosecutors

Investigation is defined as the whole process of identifying an offender and collecting evidence in order to prosecute him when a crime is deemed to have occurred. Since prosecution does not terminate until the case is finalized at the trial stage, investigation may be needed until then. Accordingly, the police continue investigating even after referring a case to the public and public prosecutors are respectively independent organizations, the relationship between both is basically co-operative. Public prosecutors may instruct the police and let the police assist in their investigation, and the police are required to follow the instructions by law (CCP article 193). Some police officers do not want to admit that public prosecutors have such power, especially in investigations initiated by the police. Rather they interpret such instructions are requests which the police kindly accept. Regardless of the defferent interpretations of Article 193, public prosecutors monopolize the power to request a detention order from a judge and to prosecute. The police, nonetheless, follow public prosecutors' instructions to successfully complete their work.

In some diffecult and complecated cases, the detention term is not enough to collect sufficient evidence to decide whether to indict, since the criteria for indictment is usually the same as "beyond a reasonable doubt" of a trial. Thus, the police and public prosecutors should work together quickly and efficiently. Accordingly, in a murder case, the police immediately inform a public prosecutor. Then the prosecutor to be assigned to the case usually goes to the crime site and the place where the corpse is located, and observes the autopsy by a designated doctor. The prosecutor can directly discuss with the police how to investigate the case, what problems exist, and what kinds of evidence are at the crime site.

5. Collection of Evidence

Unlike the U. S. and some other countries, undercover operations are not allowed in Japan. Although it is said that undercover operations can be used in the investigation of crimes related to drug and gun trafficking, it is still unpopular, because Japanese

[14] See section iv.2, Exception to the Monopolization of Prosecution : Quasi-Prosecution.
[15] Prison Law Article 1, paragraph 3.

society perceives such methods as unfair and deceitful. Typical investigative measures include scientific investigations, such as examination of blood, fingerprints, hair, voice and handwriting, which are fully utilized for identifying the suspect.

Unlike the common law countries, "evidence" in Japan sometimes means not only real evidence but written statements taken by investigators unless the differences between both are intentionally stressed. Although investigators collect as much real evidence as possible, it is indispensable to collect witness statements explaining the meaning of such real evidence in order to find the truth. Written statements are made in the following way : Investigators interview a witness or a suspect, then they prepare a written statement based on what he said. After the investigators precisely read the statement to him and he agrees with the content, he is requested to sign on line after the last sentence to guarantee the voluntariness and veracity of the statement.

Public prosecutors often take such written statement of the main witnesses. Of course, any statement untested by cross examination is inadmissible as evidence in trial. However, CCP Article 321.1.2 provides that a written statement taken by a public prosecutor is admissible as evidence when :—

1. the witness does not appear or testify on the date for public trial because of death, unsoundness of mental condition, is missing or staying outside Japan ; or

2. the witness, appearing on the date, testifies contrarily to or materially different from his previous statement contained in the document.

In the latter case, this shall apply when the court finds that special circumstances exist in which the previous statement is more credible than the present testimony[16]. There is stronger likelihood that it will be admissible as evidence as compared to a statement taken by the police (Id. Section 3). That is why public prosecutors often make such written statement. Even when the written statements made by both the police and public prosecutors may inadmissible as evidence, they might be used for determining the credibility of the testimony (CCP article 328)

Regarding a suspect's written statement made in the same way as above-mentioned, if it, regardless of the source, contains a confession or an admission of facts adverse to his interest, it is admissible as long as made voluntarily (CCP article 322). The suspect does not have the right to be with his lawyer during investigation. Of course, he has the right to remain silent and to see and consult his counsel at any time.

[16] For example, rape victims, or both victims and witness of an offence committed by an organized crime group.

Compensation for Public Officers who suffer injury whilst on duty.

9. Public Administration Circular No. 28/95

Concessionary marks to persons from families affected by subversive activities in recruitment to State Services.

Annex XIV (b)

Problems on Payment of Compensation to State Employees

In the following instances clarifications had to be made with regard to the problems that were brought to the notice of this Commission in the payment of compensation to next of kin of persons who had disappeared.

1. State Banks' refusal to pay compensation to the next of kin of disappeared Bank employees in terms of Public Administration Ministry circulars;

   This Commission wrote to the Ministry of Public Administration for confirmation of this position and was informed by the Director of Establishments by his letter No: IV/2/3/9(12) of 04.05.99 that Public Administration Ministry Circulars apply to Banks as well. This was conveyed to the Banks which continued to maintain that they were not applicable as the banks had formulated their own schemes of compensating disappeared Bank employees. When this was brought to the notice of the Ministry of Public Administration, they retracted from their earlier stand and informed [1] that even though Public Administration circulars apply to Bank employees as well, the Board of Directors of the Banks were allowed by Treasury Circular Nos: EA02/PC/GB/01 of 21.04.1992 issued under the provision of Finance Act No: 38 of 1971, to device their own schemes and exempted all Banks from complying with Public Administration Ministry Circulars.

   Consequently employees of Banks whose disappearance were confirmed do not get the compensation set out in Public Administration circulars which stipulate a lump sum payment of Rs. 150,000/- and the monthly salary of the person concerned till such person reached the age of 55 years, and the Widows and Orphans Pension, thereafter.

2. The question whether daily paid employees are entitled to relief under Public Administration Circulars arose. By Director of Establishment's letter No.: IV/2/3/9(H)1 of 07.07.99 this Commission was informed that even daily paid employees are entitled to the benefits of Public Administration circular No:59 of 1989. This included persons who had been serving as Home Guards.

3. There were several instances where payment of compensation was denied to state officers because the documents tendered by the applicants or available with the Department, indicated that the Police suspected that such person could be a terrorist. This Commission pointed out the unfairness of this position and wrote to the Public Administration Ministry. The Director of Establishment by his letter No.: IV/2/3/09/H (1) of 29.09.99 informed us that a person could be denied such benefits only if he had been convicted for terrorist activity by a Court of Law. In all other instances it was stated, that the benefit of the doubt should be given to the families of the disappeared person. This Commission requested the Secretary, Public Administration to convey this position by a circular to all Divisional Secretaries and Heads of Departments. (Vide EST/08)

4. There was an ambiguity whether the heirs of Home Guards who had disappeared would be entitled to compensation as for State Officers as they were daily paid employees. On seeking clarification from the Director of Establishments he has informed [2] that even daily paid employees' next of kin are entitled to the compensation and the salary.

1 Vide Director General of Establishment letter No.: ඇප/IV/2/3/9(4) 1 of 04/01/99.
2 Vide his letter No: IV/2/3/09/H(1) of 29.09.99 in file No. : 7470.

5. The University of Moratuwa had refused to pay compensation to the next of kin of one of it's employees as these was no evidence that "he was not a terrorist." A report from the police in respect this person had stated there was no evidence that the disappeared[2]

   Person was involved in terrorist activity. However the Moratuwa University asked for evidence that he was **not a terrorist** and turned down the application.

   A copy of letter No.: IV/2/3/09/H (1) of 29.09.1999 from the Director General of Establishment declaring that no person's next of kin should be denied any compensation unless Court of law had declared him a terrorist was sent to the University of Moratuwa with a request to reconsider their decision to deny compensation in this next of kin. (Vide File No.: EST/08).

The following are some of the other problems brought to the notice of this Commission regarding the payment of compensation.

1. Education Department.

   (a) A next of kin of a person employed by the Education Department had been paid compensation only from the date of the application for compensation *viz* 06.01.1993 even though the corpus had disappeared on 18.08.1990. Vide file No. : 1807

   (b) In another case compensation has been paid but the salary is not being paid to the next of kin on basis of promotion to the next grade as stipulated in P. A. Circular No. : 31/88. (Vide File No. : 4895)

2. State Bank.

   (a) The People's Bank had denied payment of compensation to the next of kin of a disappeared Bank employee as there was no confirmation that the death had occurred as a result of terrorist activity in spite of evidence being available that he was not involved in terrorist activity. (Vide File No.: 1152)

   (b) The Bank of Ceylon had been exempted from the need to comply with Public Administration circulars when the Banking sector was reorganised. Only Bank of Ceylon circulars are applicable to Bank of Ceylon employees on matters recompensation etc. (Vide File No. 383)

3. Police Department

   (a) In spite of Public Administration circular No. 343, the Police Department has taken up the position that compensation is not payable if the diappeared person was not on duty at the time of diappearance. They cited Defence Ministry circular No.: 93/230/067 of 27.10.1993 in support of this position. This circular is contradictory to the provisions of Public Administration circular No. 343 which says a State Officer is entitled to compensation irrespective of whether he was on duty at the time of disappearance/death or not (Vide file No. 7440)

   (b) Superintendent of Police (Welfare) took up to the position that the monthly salary is payable to the next of kin only if the death/disappearance had occured due to terrorist activity. (Vide File No. 410)

(c) In another case the IGP has denied payment of compensation to the next of kin of as there was no evidence as to who was responsible for the death/disappearance. Public Administration circular No. 21/88 provides for the payment compensation and this salary only to State Officers who are victims of terrorist activity of violence. In the instant case there was no evidence of either. (Vide file No. 3823 and 3746)

4. Water Supply and Water Resources Board

An Employee of this Board had not been paid compensation in terms of Public Administration circular No. 59/89(1) as there was evidence that he was in the custody of the army prior to disappearance.

5. Agricultural Department

A casual employee of this Depatment was interdicted for an offence but was discharged by the Court and sent for rehabilitation. He was not given the job back on his return (vide file No. 7734).

6. Postal Department

Compensation to a postal employee has been denied by the Postmaster General because there is no eye-witness to the removal as required in terms of Secretary Defence letter No. EDP/A35/12/1/218 of 19.06.1992. This Commission has written to say that "it means that he has disappeared" and requested him to pay the compensation. This Commission did not receive confirmation of payment of compensation in spite of reminders (Vide File No. 5947).

Presidential Commission of Inquiry Into Disappearances
5 OCT 1999

Annex XV

Extract from the final Report of the North East Commission on the Disappearances at Sathurukondan

(Page 31)

Arrest and subsequent disappearances from the Vantharamulai Eastern University Refugee Camp:

The arrests from the Vantharamulai Eastern University refugee camp was the biggest group arrest of this District. The arrests took place on 5th September and 23rd September, 1990. 158 persons were arrested on the first day, while 16 were taken into custody on the second day. A list containing the names of 158 persons who were reported to have disappeared was produced before this Commission and 83 witness testified to the disappearance of 92 persons, out of the 158 reported above. Also evidence was given regarding 10 of the 16 persons who disappeared on the subsequent arrest.

According to the evidence, nearly 45,000 people had taken refuge since July, 1999, following the outbreak of violence in the vicinity of the said University. The refugee camp was administered by Professor Mano Sabaratnam, Dr. Thangamuttu Jayasinghan and Mr. Velupody Sivalingam and supported by the Non-Governmental Organisations during this period.

On 5th September, 1990, by about 6 o'clock in the morning army men from Kommanthurai Army Camp, along with personnel from some other army camps as well came in a SLTB bus and entered the premises of the Eastern University. This was followed by an announcement by an amplifier fitted to a white coloured van asking the refugees to form into three different queues persons of the age group of 12 to 25 in first row, persons of the age group of 26 to 40 in the second row and persons over 40 years of the in the third row. People in the three queues were asked to pass through a point where five persons in masks clad in army uniform were seated in chairs along with seven muslims, standing behind those in masks.

Whenever the persons in the masks gave a signal, the people who were in the queues were taken away from the queue to a side. When this operation was completed, 158 persons who were pulled out from the queues were taken away by the Army despite the protest by their kith and kin. There was evidence to show that arrests were done by the Kommathurai Army Camp with the assistance of personnel from other army camps as well and that the following Army Officers were directing the operations.

Capt. Munas ; Capt. Palitha ; Capt. Gunarathna ; Major Majeed and Major Mohan

There was also evidence to show that Gerry de Silva has visited the refugee camp on 8th September, 1990 and had told the officers responsible for the Administration of the refugee Camp that all the 158 persons who were taken into custody on 5th September, 1990 were found guilty. However he had declined to say what had happened to them after they were found guilty.

There was further evidence to say that one of the officers who were in charge of the refugee camp made a request to the army personnel in charge of the operations, to give a list of persons arrested for which there was no response.

It also transpired in evidence that Mr. Thalayasingam Arunagirinathan, the Chairman of the Peace Committee had received a letter in October 1990 from Mr. A. W. Fernando, Air Chief Marshal, who was then the Secretary to the Hon. Minister of State for Defence where in it

stated that on 5th September, 1990 only 32 persons were taken into custody from the Eastern University Refugee Camp and that all had been released. However the Commission was informed that none of those who were arrested had returned either to the said refugee camp or to their homes but still remain missing.

Annex XVI

Directions issued by Her Excellency the President, Commander-in-Charge of the Armed Forces and Minister of Defence

I, Chandrika Bandaranaike Kumaratunga, President, Commander-in-Chief of the Armed Forces and Minister of Defence being of opinion that it is necessary to issue directions to the Heads of the Armed Forces and the Police Force to enable the Human Rights Commission of Sri Lanka (herein after referred to as the HRC) to exercise and perform its powers, functions and duties and for the purpose of ensuring that fundamental rights of persons arrested or detained are respected and such persons are treated humanely, do hereby direct, the Heads of the Armed Forces and of the Police as follows :

1. Every member of the Armed Forces and of the Police Force shall assist and facilitate the HRC any person authorised by the HRC in the exercise of its powers, duties and functions and also ensure that the fundamental rights of persons arrested or detained are respected.

2. No person shall be arrested or detained under any Emergency Regulation or the Prevention of Terrorism Act, No. 48 of 1979 except in accordance with the law and proper procedure and by a person who is authorised by law to make such arrest or order such detention.

3. At or about the time of the arrest or it is not possible in the circumstances, immediately thereafter as circumstances permit :

   (i) the person making the arrest or detention shall identify himself to the person arrested or any relative or friend of such person upon inquiry being made, by name and rank ;

   (ii) every person arrested or detained shall be informed of the reason for the arrest ;

   (iii) the person making the arrest or detention shall issue, to the spouse, father, mother or any other close relation as the case may be a document in such form as specified by the Secretary to the Ministry of the Minister in charge of the subject of Defence, acknowledging the fact of arrest. The name and rank of the arresting officer, the time and date of arrest and the place at which the person will be detained shall also be specified. It shall be the duty of the holder of such document to return the same to, or product the same before, the appropriate authority when the persons so arrested or detained is released from custody.

   Provided that, where any person is taken into custody and it is not possible to issue a document as set out above, it shall be the duty of the arresting officer, if such officer is a police officer, to make an entry in the Information Book giving reasons officer as to why it is not possible to so issue a document, and if the arresting officer is a member of the Armed Forces to report the reasons why it is not possible to issue a document to the officer in charge of the police station, whose duty it shall be to make an entry of such fact along with the reasons therefore in the Information Book.

(iv) the person arrested shall be afforded reasonable means of communicating with a relative or friend to enable his whereabouts being known to his family.

4. When a child under 12 years or a woman is sought to be arrested or detained, a person of their choice should be allowed to accompany such child or woman to the place of questioning. As far as possible any such child or woman so sought to be arrested or detained should be placed in the custody of Women's Unit of the Armed Forces or the Police Force or in the custody of another woman military or police officer.

5. A statement of a person arrested or detained should be recorded in the language of that person's choice who should thereafter be asked to sign the statement. A person who desires to make a statement in his or her own handwriting should be permitted to do so.

6. (i) The member of the HRC or any person authorised by it should be permitted access to the person arrested or detained under the Prevention of Terrorism Act, No. 48 of 1979 or under a regulation made under the Public Security Ordinance (Chapter 40) and should be permitted to enter at any time, any place of detention, police station or any other place in which such person is detained in custody of confined.

(ii) Every officer who makes an arrest or order of detention as the case may be, shall forthwith, and in any case not later than forty-eight hours from the time of such arrest of detention, inform the HRC or any person specially authorised by the HRC, of arrest or detention as the case may be, and the place at which the person so arrested or detained is being held in custody or detention.

President,

Colombo
July 21, 1997.
